

Trades Council Gets Answers To IRS Protest Wires

Telegrams sent to Congressman Melvin Price and Senators Paul Douglas and Everett Dirksen in protest of the proposed removal of the Granite City Internal Revenue office have been answered with pledges of support and offers to present the matter to Internal Revenue officials in Springfield.

The Tri-City Trades and Labor Council sent the wires last Thursday after an announcement by Springfield District Director Jay G. Philpott that the office at 1925 Edison avenue would be closed about Sept. 29 to reduce costs and improve efficiency.

"I shall be glad to relay your protest to the Internal Revenue Service with an expression of my support of your opposition," Congressman Price replied by letter.

"We are taking this matter up with the District Director of Internal Revenue in Springfield and we shall let you know when we receive his reply," stated Senator Douglas, also in a letter.

"I am urging the Commissioner of Internal Revenue Service to give earnest consideration to the facts presented in your telegram of the 20th. I shall inform you of the action taken by the Commissioner when it is received," replied Senator Dirksen. The trades council represents 51 local unions with a combined membership of 23,500, according to President Edwin Reiske.

If the local internal revenue office is closed, the Quad-City area would be served by offices in Alton and East St. Louis. In its telegram, the council pointed out that 72,000 persons in this area are served by the local office.

Other area groups also protesting the move, include the Tri-Cities Chamber of Commerce, the Associated Retailers and Civic Association and Local 435 of the Retail Store Employee's Union.

Boy Suffers Broken Arm In Fall Tuesday

One serious injury was reported among the 15 persons treated Tuesday at the emergency room of St. Elizabeth Hospital. Ernest Trawick Jr., nine-year-old son of Mr. and Mrs. Ernest Trawick, 2625 Logan avenue, suffered a broken left elbow and dislocated left shoulder after falling in a neighbor's yard. The boy, who will be in the fourth grade at Logan school, was injured about 9 p.m. Tuesday.

Randall, Rushing, five, 4844 Warnock avenue, was treated for a cut on the left foot inflicted by a piece of glass. Michael Mizem, Edwardsville, fell from his bicycle and was treated for a head injury.

Treated for bee stings were Debra Best, seven, 2829 Pershing avenue; and Harry Diak, eight, 2809 Missouri avenue. Treated for falls were Michael Green, two, 2007 Sixth street, Madison, pain in left shoulder; Danny Jackson, five, 826 Alton avenue, Madison, splinter in roof of mouth causing small cut; Judith Riggs, eight, 2807 Harding blvd., abrasions to right arm; Jacqueline Rainey, six months old, 806 Washington avenue, Madison, and Mrs. Dorothy Wozniak, 40 of 2820 Wayne avenue, abrasions to the right knee and leg.

James Randolph, 21 of 2208 Washington avenue, suffered abrasions to three fingers of his left hand when it was struck against a wall. Bill Hahn, seven, 2415 Hodges avenue, was hit in the left eye by a baseball. Foot injuries were reported by Eddie Ashby, nine, Collinsville, seven sutures to the left foot; and Mrs. Georgia Bailey, 35, East St. Louis, small piece of wire removed from her right foot.

On Wednesday morning, Ricky Allen, two, 1535 (near) Collinsville avenue, Madison, was treated for sores in the mouth caused by an undetermined amount of gasoline he had drunk on Monday.

Miss GC Candidates Model Fall Fashions
Six of the eight candidates for the 1961 "Miss Granite City" title served as models yesterday before a group of 60 women gathered for an informal fashion show at the Big Top Tavern.

Fashion commentator for the show, which featured new fall clothing, was Alderwoman Mrs. Gabrielle Beltrud. The candidates appeared under the auspices of the Granite City Jaycees, sponsors of the "Miss Granite City" pageant.

Miss Granite City Entries Lead Busy Lives As Annual Jaycee Beauty Pageant Nears

The eight lovely candidates for Miss Granite City 1962 are not taking it easy as the hour for selection of a reigning beauty draws near.

On the contrary, they already have filled out detailed questionnaires, been interviewed and photographed by the press, been introduced to various civic organizations, received modeling instructions twice, and in their spare time rehearsed the talent they plan to present during that phase of the contest.

By the time the pageant rolls to a climax Aug. 12 and reigning queen Miss Suzanne Lexow places her crown on the head of the new beauty winner, the contestants will also have been driven through town in a parade of convertibles and met the judges at an informal feast.

Sponsored by the Granite City Junior Chamber of Commerce, the annual contest will determine this city's entry in the Miss Illinois contest next year. The winner also will represent the city at many civic occasions as Miss Granite City during the year.

Dance Follows Pageant

Plans this year call for the pageant to be at the Granite City high school auditorium, beginning at 7:30 p.m., with a dance to follow at the Big Top Bowl "300" room.

Out-of-town judges, of whom four have been selected so far, will rate the girls for beauty, talent and poise. Of the judges selected, whose names are being withheld until the contest, one is from a modeling school, one from the Mundy Opera and one is a television production director, all with experience in judging.

Two of the eight candidates are being featured today and two others will be spotlighted in other issues of the Press-Record. Former high school cheerleader Linda Sue Toburen, 18, will be a freshman at Northern Illinois University in DeKalb, Ill., this fall. The daughter of Mr. and Mrs. Robert Toburen, 11 Frontenac lane, she plans to major in elementary education.

Likes Swimming, Golf

Swimming, sewing and golf are favorite pastimes of Linda, who plans to do a comic monologue in the talent phase of the pageant. The 125-pound beauty is 5-7 1/2 and desires her future husband to be a doctor.

'South Pacific' Teenage Night Planned At Pool

A festive evening reminiscent of the play, "South Pacific," is planned for the teenagers of Paddlers and their guests Saturday evening at the family-owned pool on Johnson road.

Mrs. Edith McGee, an artist and member of the pool, plans on decorating and coniving; for the evening, the baby pool inside a giant punch bowl with pineapple favors. Several small whole pigs will be barbecued in Hawaiian luau fashion. An authentic luau will be danced by Mrs. Eleanor McEaster, and several small youngsters will present other Hawaiian dances.

Games and water relay races will be held under the direction of Donald Brumleve, assistant manager, and Miss Carol Hoescher, guard, and these also will depict South Pacific themes. Assisting the chairman, Mrs. McGee, will be Mrs. Dorothy Githro, Mrs. Polly West and Mrs. Mary Jessee.

Each teenager will be permitted to bring one guest, and the pool will close at 6 p.m. to allow time for final decorations. It will be open to teenagers from 7 p.m. to 9:30 p.m.

BEAUTY HOPEFULS in this year's Miss Granite City contest are in the midst of rehearsals for the Aug. 12 pageant which will include talent in addition to beauty and poise. Altogether eight contestants have entered the competition which is sponsored on a local, state and national basis by the Junior Chamber of Commerce each year. This year's winner will compete next summer in the statewide event to select Miss Illinois 1962.

hand to be considerate, polite and athletic. During her Granite City high school career, Linda served on the student council, was a member of the National Honor Society, Masque and Gavel—an honorary speech club—and was secretary of the Red Pepper club.

Sponsored by the First Granite City National Bank, she is an attendant at the YMCA Snow Princess Christmas dance and King and Queen dance last winter.

Blue-eyed Marilyn Wondra, 19, daughter of Mr. and Mrs. Frank F. Wondra, 364 East 27th street, will perform a modern jazz dance as her talent contribution at the pageant.

Sponsored by Bowland lanes, the 5-4 1/2-pounder is no rookie when it comes to beauty contests. She was a finalist in last year's Miss Missouri competition, and was selected the Associated Retailers Miss Sweepstakes of 1960 and was an attendant to Miss Junior Achievement of 1959.

Board Told of

Cafeteria Talks;
Custodians Next

Granite City school board members conferred privately for two and a half hours Tuesday night on progress of negotiations underway with cafeteria employees and on scheduled contract talks with custodians. No action was taken.

The executive session occurred during a semi-monthly board meeting. Supt. Harold M. Kaiser said he reported on his talks that have proceeded for 18 or 19 hours with cafeteria negotiators, and also told of plans to begin conferring on custodian salaries and contract provisions within the next few days.

In addition to these two groups, negotiations remain to be carried out with painters, truck drivers, laborers and carpenters, he noted. Previous agreements expired June 30, but all groups agreed to extend the negotiating period.

Year's Leave For Principal—The board voted to grant Paul J. Wisch a year's leave of absence as principal at McKinley grade school. He plans to study in Colorado to qualify for a doctorate degree.

Study leaves ordinarily have been granted as teachers, but Dr. Kaiser said he feels provision should be made for administrators as well as instructors to improve themselves educationally. With Wisch's position to be held open, it will be filled in the interim on a temporary basis, the superintendent explained.

Board members commented that it will be an asset to the school system to have additional staff members holding doctorate degrees.

Resignation of Miss Marcella Smith, Wood River, third grade teacher at Emerson, was accepted.

\$37 Change In Windows—A \$37 change order, increasing Nelson Construction Company contract from \$82,354 to \$82,411, was approved for the expansion program in which six classrooms are being added at Marysville grade school and four at Wilson grade school.

The change in specifications on general work calls for the two upper sections of each new window to be glazed with faceted glass instead of "DSB" glass.

Bids were opened on dry cleaning, electrical work and plumbing fixtures. All were referred to the administrative staff for tabulation and recommendations. Bids approved totaled \$25,927 in the educational fund and \$1486 in the building fund.

View Freedom Exhibit—A historical exhibit prepared by Granite City high school speech students for entry in a national competition sponsored by the Freedom Foundation was shown to the board by three of the participating students, Richard Weiss, Jean Eryntak and Anita Scher. Weiss said a scrapbook on "How Philanthropy Has Helped America" also had been prepared and entered.

The freedom display, on which over 100 pupils worked, showed three stages in the growth of Granite City. It is entitled, "The American Dream Comes True through Private Enterprise." Results of judging will be announced early next year.

Adjournment took place at 11:30 p.m.

Mrs. Wayne King Becomes Senior Regent Of Moose—A former Granite City woman has achieved the highest possible office—senior regent—in a Women of the Moose organization in San Pedro, Calif.

Mrs. Wayne King, 23, the former Gladys Strehle, presided over her first meeting in that capacity this month. She and her husband, whose father is Wheeler G. King of this city, graduated from Granite City high school two years ago.

Mrs. King is employed by a telephone company in Long Beach and her husband by American Standard Co. They reside in Harbor City, Calif., and have a three-year-old son, Wayne Jr.

Carl E. Mathias of Godfrey, who will assume the new Illinois Power Co. post of assistant manager on Tuesday. He plans to reside in this area with his wife and daughter.

Mathias joined the company originally on a meter reader in 1942, returned after serving in the Infantry during world war II.

New Assistant Manager At Illinois Power Co.—A new assistant manager has been appointed to the Illinois Power Company's Granite City office, and will assume the new post Tuesday, according to Edward R. Applegate, supervisor.

Carl E. Mathias, who will move to this area from his present home near Godfrey, will serve with E. G. Schmitt, the company's manager for this district, which includes service to Collinsville, Edwardsville, Wood River and adjoining rural areas.

Employee of Illinois Power Co. since 1942, Mathias was assistant manager, electric operations, at the Decatur headquarters before his promotion. From 1938 until earlier this year he was manager of life Wood River power plant.

Mathias was born in Pana and attended Eastern Illinois University, where he graduated from Teachers College. He will live here with his wife, Betty, and daughter, Carla, seven.

Spengler Will Open Class A Sectional Friday; Park Team To Play Saturday

Spengler Insurance of Granite City will meet the Jacksonville Falls staffs of Alton in the first game of the Illinois Amateur Softball Association's Class A sectional tournament Friday at 8:45 p.m. on the Jaycees Field in Wood River. The winner and runner-up in the double elimination tournament will advance to the ASA state meet in Monticello Aug. 16-21. The Monticello champion goes on to the ASA West-Central regional, which will be played at Aurora over the Labor Day weekend.

Granite City's park district squad is also entered in the Wood River sectional, and will play Vandalia at 8:45 p.m. Saturday in the second game of the tournament.

1st Round Ends Tuesday
First-round competition continues Monday when two Alton teams, Midtown and the Chiefs, play at 8:45. Columbia and Franks will tangle on Tuesday to complete the first round of play.

Losers in the first round drop to the lower bracket, and can reach the finals only by winning four games in succession.

Should Spengler and the park district squad win their first-round games this weekend, they would meet in the quarterfinals at 8:45 p.m. next Wednesday, Aug. 2. If both teams lose opening games, they would set up another meeting, this one in the losers' bracket at 8:45 on Friday, Aug. 4.

B Tourney Also
Running simultaneously with

the Class A tournament will be a regional tourney for Class B teams. All from the Alton area, they include Saeger, Buahles, Silver Star, YMCA, Wayne Co-op of Shipman, Northside Shell and P. N. Hirsch. The Class B games will be played at 7 p.m. each evening, with the tournament a single elimination affair scheduled to end on Thursday, Aug. 10.

Pairings for a Class B tournament to be held at Wilson Park in Granite City also are being drawn up at this time. Winners of Class B regionals advance directly to the state ASA Class B finals, which will be held in Danville in late August. Class B teams do not advance past the state championship stage in ASA competition.

SPORTS BULLETIN

Due to participation in a Chicago area Amateur Softball Association women's regional tournament, First Savings of Forest Park, Ill., has been forced to cancel its appearance here against the St. Louis Blues Saturday night.

Park Recreation Director Harold Brown said he was notified this morning that First Savings learned last night it must play a first-round ASA game near Chicago Saturday evening. The Blues' doubleheader with Raybestos Brackets of Stratford, Conn., is still scheduled for next Wednesday at Wilson Park.

Brown said there will be softball Saturday evening in the park, where rain-out games in the local Class S men's league will be played. At 7 o'clock, the Knights of Columbus will play Modern Furnace Co., followed at 8:15 by a game between Moose Lodge 272 and Granite City Steel Credit Union.

Kelly's Has Showdown Date With Rockettes; Trips Waterloo 13-3

Tuning up for its showdown battle with Collinsville tonight, the Venice Kelly Girls banged out 13 hits and grabbed a 13-3 victory over Waterloo last night in a non-conference softball game on the losers' diamond.

Sandy Klaas picked up the victory with neat, six-hit work on the mound, and spaced among Kelly's 13 hits were homers by Angie Unger, Judi Durno and Marcette McWherry. P. E. Meyer's club trails Collinsville's Rockettes, leaders in the Girls Twilight league, by 1½ games going into tonight's contest at Lee Park, which begins at 8 o'clock. Meyer said he probably would start Joan Maseng as Kelly's attempts to chop the Rockettes' lead to half a game.

Fourteen-year-old pitching whiz Karen Rowe is the probable starter for the Collinsville club.

Attendance At GC Park Pool Is 31,288 Persons

Attendance at the Wilson Park swimming pool was 3800 higher than last year through yesterday, according to a report submitted at last night's meeting of the Granite City park board by Harold Brown, recreation director.

He attributed the increase to the students enrolled in park-sponsored summer recreation programs, who use the pool in groups. The figure includes everyone who uses the pool, regardless of age or type of admission.

So far this year, 31,288 persons have used the pool compared to last year's 28,528. The figure includes 263 children and 15 adults who use the pool and hold season tickets.

Receipts this year were down \$306, from \$2535 to \$2229, largely due to the increased number of children who swim without charge with recreation groups.

An oddity on the report was a decrease in revenue from the juke box maintained by the park at the swimming pool. While \$178 was gained in receipts last year, the figure is only \$115 this year for a similar period.

No explanation was offered, although one commissioner commented optimistically that it "shows the kids are doing something else than dancing."

GC Park, Barnes Store Play Sunday Twin-Bill

The Granite City park district softball squad will interrupt its participation in the Class A sectional tourney at Wood River tonight to engage Barnes Store of Springfield, Mo., in an exhibition doubleheader Sunday.

The first game of the twin-bill at Wilson Park will begin at 1:30 p.m. Manager Dean McGovern's club will meet 9-5 by Barnes on June 25 in Springfield.

Granite City was to have met Thurner's at Fox Park last night in a St. Louis Muny Class AA contest, but the schedule has been revamped and the two teams will meet at a later date.

2923 Cayuga street, about 1 a.m. Tuesday.

Stanley Podrasa, 2345 Woodlawn avenue, reported to police Tuesday morning that two light bulbs, two chrome strips and an assortment of tools were stolen Monday night from his home. He also told police that gasoline has been taken from his automobile tank on several occasions.

Stolen Car Reported
Moran Kozak, Collinsville, reported to Granite City police yesterday afternoon that his bronze-colored 1961 automobile has been stolen from the 20th street Granite City Steel Co. parking lot.

Adron Metcalf, 3611 Kirkpatrick Homes, reported that his black over red 1953 car was stolen last night from a parking place near his residence. State police recovered it early this morning on State Aid Route 35 east of Route 162.

A brown 1953 four-door auto was stolen from the 2100 block of State street between 2:30 and 3:30 p.m. Tuesday. Theodore Jones, 2113 Washington avenue, told Granite City police that about 12:15 a.m. today when he heard a noise in front of his house and went outside to investigate, he saw two figures running away with four hubcaps from his 1955 car, parked in front of his home.

Four hubcaps were stolen from a car belonging to Calvin Penrod while it was parked at his home.

LAYING OFF A HIGH PITCH is a participant in a girls' softball clinic being sponsored twice a week by the Granite City park district under the supervision of Jack Bunte, shown calling the balls and strikes in this view at Wilson Park. Girls take over the park's softball layout two mornings each week.

Sacred Heart, Rick's Score Easy Teenage Softball Loop Wins

Ray Rushing tossed a one-hitter at Roca Gold chapter and Sacred Heart banged out 10 hits in a 9-1 victory to highlight action in the Senior Teenage Softball league last night at Wilson Park.

Quentin Hoover took the loss, with Bob King behind the plate for Gold chapter. Charles Parkin was on the receiving end of Rushing's near-perfect pitching effort.

Rick's Market scored four runs in the first inning, and they proved more than enough as the contenders for the league title went on to a 4-1 win over Bowland.

Bob Hoeffel gave up only four hits, and teammate Steve Shad-dan provided the big sock with a home run. Bill Scarsdale worked behind the plate, Mike Lombardi and Harold Ellis made up the Bowland battery.

Rock Black chapter was awarded a forfeit win over YMCA Teen Town.

Sunset Swimming Team Defeats Dorchester

Kathy Roca's victories in three free style events for girls paced the Sunset Hills Country Club swim team to a 143-129 win over the Dorchester Swim Club of Belleville Tuesday night.

Double winners for the victorious team, included Chet's Fruit in boys' free style, and living events, Scott McBride in two boys' free style events, and Terry Studebaker in two girls' diving events.

Sunset Hills relay teams also captured firsts in the medley and free style relays, while the team as a whole outscored Dorchester 15-13 in first places taken.

Other individual winners for the Sunset Hills team were Diane Applequist, Carolyn Collins, Ted Rood and Bill Nield-ringham. The team is coached by Pool Manager Don Lees.

Little Progress Seen In SIBA-Laborer Talks

A spokesman for International Hod Carriers and Building Laborers Union Local 397 said this morning representatives of his union and the Southern Illinois Builders Association apparently have made little progress toward new contract agreements.

Contracts between SIBA and laborers' locals in a number of Madison and St. Clair county cities, including the Quad-Cities and East St. Louis, expire Monday. Negotiations have been deadlocked over union demands for an increase in the basic \$3.45 hourly wage now paid.

Charles Parlor, Local 397 secretary, said as far as he knew little or no progress has been made in the talks. SIBA officials were not available today for comment.

150 Outboard Drivers To Compete For \$1000 In Prizes At Sunday Boat Races

Cash prizes totaling \$1000 are expected to attract about 150 semi-professional and professional drivers to outboard motorboat races on the Mississippi River at the mouth of the Hartford canal near here Sunday afternoon.

Sanctioned by the National Outboard Drivers Association, the events are being co-sponsored by the Granite City Kiwanis club and the Bow Line Boat club. Competition will begin at 1:30 p.m. on an oval course opposite boat club property.

Entries From 9 States

Racing pilots from Missouri, Illinois, Indiana, Arkansas, Oklahoma, Tennessee, Michigan, Kansas and Florida will be competing in 12 events on the program.

Races will be held for classes A, B, C and D hydroplanes, runabouts and stocks. At least five present and past national champions in one or more of the classes are expected to compete.

They include Bill Seebold, top local outboard motorboat pilot who will be among 150 drivers expected to compete for \$1000 in prize money Sunday at GC Kiwanis-Bow Line Boat club races near mouth of Hartford canal. The 12-race program begins at 1:30 p.m.

MacZura In National Model Championships

Roger MacZura, 14, son of Mr. and Mrs. Warren MacZura, 3208 Aubrey avenue, is among the more than 1500 entrants in the 1961 National Model Airplane Championships who registered at the Willow Grove, Pa., Naval Air Station this week.

Young MacZura, like his father, a member of the local Tri-City Sky Stealers Model Airplane club, will compete in the junior class for contestants under 16 years of age. The "nationals" will conclude on Sunday.

The meet is conducted by the Academy of Model Aeronautics of Washington, D. C., model aircraft governing body. The U. S. Navy is acting as host for the 14th consecutive year. Contestants range in age from six through 60, and come from the 50 states as well as Canada, Mexico and Peru.

Entries Open For GC Invitational Tennis Tourney

Entries opened today for the second invitational tennis tournament, sponsored by the Granite City park district and scheduled for Aug. 18, 19 and 20 at the Wilson Park courts.

The invitational includes six singles divisions: men's junior girls' 18, boys' 15, boys' 13 and girls' 15; and five doubles divisions, men's, junior, girls' 18, boys' 15 and girls' 15.

Entry fees vary from \$1.50 for boys' 13 singles to \$4 for men's doubles. The entry deadline is Thursday, Aug. 17, with pairings to be made at 11 p.m. on that date.

The tourney will begin Friday, Aug. 18, at 9 a.m. with first-round matches in the junior girls' 15, boys' 15, boys' 13 and girls' 15 divisions. Men's singles will begin at 1 p.m. Saturday, Aug. 19.

Twenty-two trophies will be awarded to winners and runners-up in the tournament. Chief referee for the events will be Al Barnes. The tournament manager is Ron Underwood. The invitational is open to local players and those residing outside the park district.

Entry tickets, accompanied by the necessary fees, are being accepted at the park board office in Wilson Park. Further tourney information may be had by calling Underwood after 8:30 p.m. at TR. 6-8888 or Barnes at VCL. 2-3190 between 9 a.m. and 5 p.m.

Squirrel Season Will Open Aug. 1

Squirrel hunting season in the southern zone of Illinois, which includes the Granite City area, will open officially at sunrise Tuesday, Aug. 1, and continue through Oct. 15, according to the Illinois Department of Conservation.

The commission has not yet announced opening and closing rabbit hunting season dates.

Daily limit of squirrels will be five, with the possession limit at 10 except on opening day, when the possession limit is the same as the daily bag limit.

Shooting hours are from sunrise to sunset. White squirrels are protected by state statute. The squirrel season in the northern half of Illinois will run from Sept. 1 through Oct. 31.

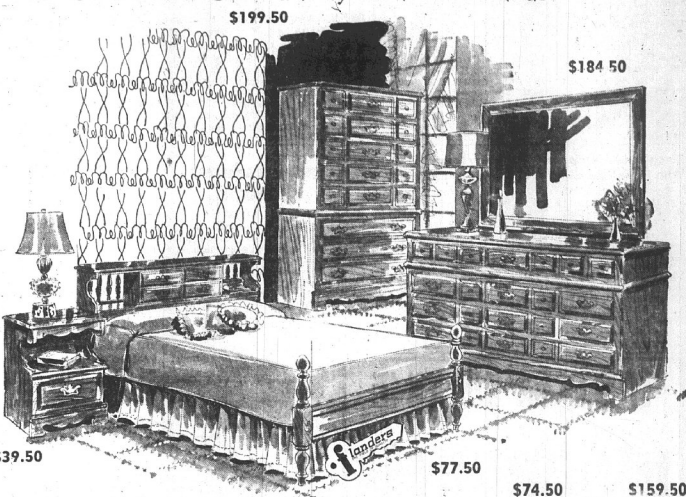

Illinois resident hunting licenses, priced at \$3.25, are available in the office of City Clerk A. L. Stevens at the city hall. Non-resident hunting permits are sold on a reciprocal basis, with the non-resident paying the same hunting fee as charged in his home state.

He said equipment will be improved for science rooms, shops, general classrooms, lockers, furniture, typing, mathematics, and band instruction.

No Debt Reduction Listed

"In the 1960-61 budget, \$149,765 was earmarked for loss and costs of collection of taxes and \$202,422 for debt retirement. The 1961-62 budget at present has no provisions for debt retirement or losses and costs," he reported.

"If the board sets the tax levy at \$1.75 in the educational fund, an additional \$211,407 expenditures and income can be added, which will provide \$153,110 for loss and costs of taxes and \$58,297 for salary adjustments or debt retirement.

"By eliminating the costs of debt retirement and loss for costs of collection of taxes in the 1960-61 budget for comparison, the increased educational budget expenditure in 1961-62 is \$371,281, of which \$160,000 is to maintain the salary schedule of certificated personnel, \$10,285 for supplies and \$201,000 for new teachers and other personnel to meet an increase in enrollment of 620 pupils."

He noted that the allocation for municipal retirement will increase when final contracts are completed for cafeteria, custodial and maintenance personnel.

A breakdown by major departments follows:

Amvets Leader Demands Firm Berlin, Cuba Stand

Quadrant City area Amvets played host to their national commander, Harold Russell, Monday night in Granite City. The double amputee made his second visit here in ten years. A dinner for district and local post commanders was held at the Rose Bowl restaurant which was followed by visits to area post headquarters.

Russell, a Boston-New York public relations man in his personal life, arrived here from a state executive council meeting in Washington last weekend. Monday afternoon was spent meeting with local Amvets leaders, radio and television appearances, and following his brief stay here, he left Tuesday morning for Washington, D. C., and national Amvets headquarters.

Many remember Russell for his Academy Award winning performance in the motion picture "Best Years of Our Lives," which was his story of conquering the loss of his hands which resulted from an explosion in 1942.

"We must not give up in here," he said.

Epping Case Set For November Parole Docket

(Special from Springfield)

The Illinois Parole and Pardon Board announced Tuesday that the case of Edward A. Epping, former Granite City resident, will be heard in Menard State Penitentiary in connection with the Orville Hodge scandal, will appear on the November parole docket for hearing.

Epping, who was sentenced Feb. 24, 1938, on charges of confidence game, forgery, larceny and possession of stolen property, was denied an appeal for executive clemency by Gov. Kerner earlier this month.

The parole and pardon board announced this week that because of the industrial credit he earned by Epping at Menard, he is to be considered for parole.

County May Add 4th Floor To Courthouse

Madison county may seek a federal loan to add a fourth floor to the courthouse at Edwardsville.

The board of supervisors at its Aug. 23 meeting will be presented a resolution requesting permission to apply for a government loan to make the addition and relieve the shortage of office space at the courthouse, according to Geoffrey Township Supervisor Clifford Krug, chairman of the courthouse committee, which will present the resolution.

The committee met this week with members of the finance committee to work out details of the loan proposal, which would be under the federal public works program.

14 Drivers Ticketed On Edwardsville Road

In less than five hours yesterday, Granite City police ticketed 14 motorists on charges of speeding on Edwardsville road.

On Tuesday, 10 drivers fell prey to the police's electric timer. Yesterday's arrests were made from 9:45 a.m. to 2:15 p.m.

Ticketed in Wednesday's crackdown were: James M. Bacon, 46, of 302 Selb street, Venice; Tony R. Gafford, 23, of 1821 Maple street; Frederick J. Murphy, 32, of Glen Carbon; Edwin M. Mossa, 30, of 2007 Hildebrand avenue, Madison; Otis R. Skinner, 35, of 2800 Nameoki road; William E. Robinson, 32, of Fairmont, and Wilma L. Lowry, 24, of Cahokia.

Road Mishaps Stressed In Farm Safety Week

With Farm Safety Week being observed nationally this week, farmers in this area and throughout the state are observing Rural Highway Safety Day today at the suggestion of Illinois State Police Supt. William H. Morris. He has noted that 5,000 members of farm families are killed annually in the U.S. in motor vehicle accidents, and 1,000,000 receive disabling injuries while driving the family car or farm implements on highways.

Citing the hazard of fast autos overtaking slow farm vehicles, Morris has urged farmers to drive implements with road shoulders wherever possible. He asked that motorists reduce their speed when traveling over the crest of hills and around curves where vision is limited.

University of Illinois landscape specialists say lawns should never be cut shorter than 1½ to 2 inches. High clipping helps to produce a dense, uniform green lawn that shades out such weeds as crabgrass.

Realistic Goal Gives Assurance That UF Dollars Will Be Used Well

Although higher than a year ago, the goal of this fall's United Fund drive has been kept to a realistic level, with economy and soundness of operation required of each member agency. Individuals, organizations and businesses can give generously with assurance that their value will be received for each dollar contributed.

In reporting a 4.5% increase in allocations, admission of the Illinois Children's Home and Aid Society and an overall objective of \$238,463, United Fund officials also announced appointment of the first AFL-CIO community services director limited to the area encompassed by the local UF campaign. Broadening of this service with appointment of a temporary Quad-City director, to be followed by naming of a full-time director, adds another reason for active support of the campaign by all.

Decisions on agency budgets and the United Fund goal mark the close of a chapter of the preparations vital to success of the drive. With this task completed, full attention can be given to the annual fund solicitation, scheduled to begin in mid-October.

New Madison Bank Building Brings This Area's Banking Up-To-Date

Now that new quarters for the First National Bank in Madison have been opened, each section of the local urban area has new or relatively new bank structures. Three entirely new bank facilities have been built within the last few years, and there has been extensive remodeling and expansion of the fourth bank.

Attractiveness and efficiency of bank buildings and equipment are not the only factor in the maintenance of adequate banking services, but it is undeniable that they are important. Cities often are judged by visitors partly on the basis of the size and appearance of their banks. From this standpoint, the Quad-Cities are in the front ranks of communities anywhere.

Objective Legal Counsel Aid To Fair, Orderly Government

Lawyers, like members of any other profession, too often are condemned or praised as a group without regard to specific instances of conduct by individuals. While only one example, an item of business at the most recent Venice city council meeting illustrates the type of aid that attorneys can, should and generally do render in the cause of fair and orderly governmental practices.

Bids had been sought on two 1961 dump trucks for the street department. One agency submitted such a bid, while another offered to provide 1962 model trucks. The latter bid was rejected and the possibility of obtaining newer models than 1961 entered into the discussion, and the advisability of negotiating with the bidders was discussed. Motive was to obtain the best vehicles at the best price.

City Attorney Hartman cautioned that makes should be specified in advance if strongly desired, and that exact years should be omitted from specifications near the start of new model years. He ruled that specifications should be followed or all bids rejected, and that later negotiations would be questionable since comparative offers become public information once they are opened and read.

Such counsel, while sometimes dealing with apparently minor technical points, affords a helpful guide to officials in dealing with the public. It is an essential ingredient in a government which owes its very existence to a system of laws, and it can go a long way toward safeguarding the rights of all under that system.

Granite City PRESS-RECORD

Page 10, Thurs., July 27, 1961

Two-Car Collision

Bernadine Pereira, 37, of 4904 Mueller avenue, reported to Granite City police that as she was driving south on Fehling road to State street Tuesday evening, her auto was involved in an accident with a car driven west on Fehling road by Willis Shepard, 1616 Mitchell avenue. No injuries were listed.

Speeding Charge

Raymond L. Healey, 46, of 2540 Cleveland blvd., will answer charges of speeding west of Route 111 on Highway 1162 before Justice of the Peace Harry Hartman on Aug. 4. State police radar indicated that Healey was driving 53 mph in a 45 mph zone Tuesday about 2 p.m.

During the Civil War, Cincinnati, Ohio, was called "Porkopolis" because it was the world's largest pork packing center.

Statewide Congressional Race Not An Inviting Prospect

The impasse over Illinois' need to revamp Congressional districts is fraught with politics and may be impossible to solve at this time. But it will be in the public interest for both parties to reach some mutually satisfactory redistricting agreement before next year's primaries and election, for the spectacle of scores or hundreds of candidates running statewide for 24 seats in the U. S. House of Representatives is not an inviting prospect.

One body of opinion is that some people on both sides want a statewide race because they believe their party could sweep all 24 positions, greatly affecting the balance of political power in Congress. Another school of thought is that national Democratic and Republican leaders who would be brought here by such a campaign are sought mainly to bolster each party's state legislative candidates in 1962; since important Illinois House redistricting is scheduled for 1963. Ambitions of individuals and struggles for party control also are cited.

Despite the reasons listed, there are far more valid arguments for compliance with the spirit as well as the letter of the law regarding representation in Congress. A statewide campaign would deprive each area of its choice and could thwart the close Congressman-citizen relationship traditional in this nation. The districts must be revised, and the sooner the better.

Now Is Time To Protest Assessment If Warranted

Venice township real estate and personal property assessments for 1961 have just been published, and the lists for other local townships will follow soon. It will be important for all Quad-Cityans to check their new valuations, since requests for assessment changes must be submitted by Sept. 1 to be valid.

Many people will recall instances where a serious clerical or assessing error occurred but the property owner failed to protest in time and nothing could be done. This can only be prevented by learning of the new assessment figures this summer and filing a protest, if warranted, this month or next month. Next spring, when tax bills reflecting new valuations are sent out, will be too late.

Chickens Come Home To Roost

It is axiomatic that a bad bargain rarely, if ever, becomes anything else. And now the chickens are coming home to roost.

There have been several annoying—and costly—breaks in the relatively new Nameoki area sanitary sewers, dubbed "gold-plated" at the time of their construction.

These certainly cannot be attributed to an economy job, for the cost was considered excessive by two reputable engineers. Whether the political-by-appointed inspectors were qualified to approve construction work as it progressed is open to question; however, the damage is done.

How many more breaks there may be in the sewers, no one knows; we hope none. For the cost of these repairs is being borne, not by just the benefitted property owners, but by all taxpayers of Granite City.

There is a lesson to be learned from this experience, and a strong argument for the SIU study recommendation that Granite City establish a competent, integrated engineering department—and then adhere to its advice.

Who can remember when it took all day to travel thirty miles to see a friend who always insisted that you spend the night?

Roca Orchestra Dance

Tonight At Big Top

An orchestra dance, open to members, guests and teenagers, is planned tonight by Black chapter of Roca Young Men's Club at the Big Top Bowl. Music will be furnished by the Roca chapter members selected here. Black chapter, meeting Tuesday at the Moose Club, welcomed five new members. They were Pat Kincaid, John O'Dell, Richard Blescoe, Gene Whaley and John Janick.

Members also nominated six candidates for the title of fall sweetheart. The club's two chapters will select the sweetheart by ballot later this summer. An overnight camping trip to a farm near Granite City is planned for Friday, Saturday and Sunday. Black chapter is currently operating a fish stand on the Belmore Village shopping center parking lot, with proceeds going to further club projects.

JC OFFICIAL PRAISES LOCAL YOUNGSTERS

To the Editor:

I would like to thank Quad-City youths for letting your Quad-City youths participate in the Jaycee Jr. sports jamboree in Centuria. It was an extreme pleasure for me to be associated with such a fine group of youngsters. Being a young man myself with 2 children, it really makes me feel proud that they will be going to the same schools and growing up in the same community where these children are from. You, the parents, are to be commended for the excellent job you're doing raising these children to be the fine youngsters they are.

We, in Granite City, should be proud of the whole group who attend the meet in Centuria and particularly the four (4) first place winners who will go on to compete at Champaign, August 18 and 19. These four are, Carolyn Starnes, Jim Stuart, Terry Labovay, and Kelly Hogan. "Good luck kids!"

"Thank you once more. Sincerely, AL BARNES Secretary Granite City Jaycees

READER PRAISES NEW TYPE CARNIVAL IN AREA

To the Editor:

I am writing this letter because I was present at a local meeting when it was brought out that a locally owned amusement organization was activating a plan to offer the riding devices of an entire carnival to the public at the low price of only two dollars per carload, regardless of how many passengers were in the car, and since I have a family of several children myself and we attend the various celebrations in the area and I always end up spending ten to fifteen dollars on all the rides and then the children don't receive much of a ride for the money, and I along with most everyone else will certainly patronize this new method of operation.

I hope all the local families will help themselves too by everyone in this area going to this new funzone and help support it, so that it will be re-invented in our All America City for years to come.

This is no doubt a first for the United States, let alone Granite City. I ask you where can you take your family and for two dollars a carload ride all the rides for ten hours.

The public should receive this plan in the arms of a warm embrace. In the past years, I have been "clipped" along with the rest of them, but now I intend to take advantage of this new funzone and I hope many others feel as I do, and let's help keep it here from now on.

Sincerely Yours, HOWARD L. HOUSE

HOSPITAL RECOVERY ROOM GROUP THANKS DONORS

To the Editor:

I thank you for the advance publicity on our new Hospital Recovery Room. The Press-Record has contributed significantly to increasing public understanding of the workings of the hospital and its expanding services.

We want you to know we appreciate your interest, and your news-and-editorial coverage of hospital affairs.

Patients and personnel are pleased to have their activities in the newspaper. A beloved and prominent Granite City lady who prefers to remain anonymous has donated a beautiful FM radio for patients in the Recovery Room. Lying on a six-handled and fifty dollar stretcher will be little comfort indeed, compared with that very important comfort they will surely get from the sound of the music from this radio.

And thanks to you, Corky, for your offer of a donation. Sincerely yours, SISTER CLETA AND SISTER TERESA, Anesthetists MRS. S. WENDEL, R.N. MRS. D. NIEPERT, R.N. Recovery Room Nurses.

Sales Tax Payments By Madison Discussed

Madison aldermen Tuesday night were informed the city will have to pay the four cent sales tax on all purchases beginning next Tuesday.

Third Ward Alderman Raymond Kozielek, acting as presiding officer in the absence of vacationing Mayor Stephen Marvus, read a copy of a directive sent by the Illinois Department of Revenue, listing recently enacted legislation broadening the sales tax base.

Among the provisions is a requirement that municipalities must also pay the sales tax units purchases, as well as on items for resale, such as articles dispensed at concessions stands operated by the playground and recreation commission.

Kozielek said cities' sales tax obligation was brought about to enable the state to collect the tax on purchases by the federal government. State purchases also are to be affected, he said.

The presiding officer said no provisions have been made in the recently adopted city budget for the taxes but the additional revenue required will not amount to much, since the bulk of city expenses represents salaries and utility costs.

He said, however, that the effect of the tax would be magnified should city purchase vehicles and costly retail items.

In other business, Kozielek told council that the Madison avenue widening project is proceeding on schedule.

Street Commissioner Stanley Lucas reported that rains have slowed down progress of the alley resurfacing project.

In opening the meeting, Kozielek commented that Mayor Marvus would not be present and "is on a well-deserved vacation."

Richard George, Third Ward alderman, also was absent from the session, and is to be released from St. Elizabeth Hospital, where he has been a patient for a week.

License Plate Charge

Henry G. Williams, 65, of 1109 Pontoon avenue, was arrested Tuesday about 9:30 a.m. by state police on U. S. Highway 67A near Harrison avenue. He was charged with driving with only one dealer's license plate on his vehicle.

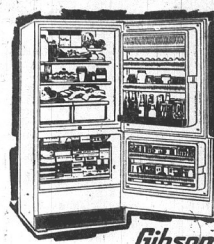

First scientific weather bureau in the U.S. was founded in 1876 by Prof. Elias Loomis of Western Reserve University.

compared to \$414 in Alton, \$375 in Belleville, \$330 in East St. Louis, \$375 in Madison and about \$388 in Venice; while sanitation department employees will receive \$510 as compared to \$414 in Alton, \$375 in Belleville, \$330 in East St. Louis, \$375 in Madison and about \$388 in Venice. Increases of \$20 a month were granted this year in Alton and Belleville, but no pay boosts were given in East St. Louis, Madison or Venice.

The \$25 monthly increases also go to officers within the departments and to office workers and other city hall employees for whom no negotiations had been under way.

Added \$42,000 A Year

The flat \$25 monthly increase, which the council proposed retroactive to May 1, will cost the city an additional \$42,000 to \$43,000 a year, including part-time workers on hourly scales, for whom rates have not yet been figured. The city, because of an anticipated shortage of funds due to expensive sewer breaks, had decided originally not to give any pay boosts.

Under the new salaries, chiefs of the police and fire departments will receive \$625 a month; assistant chiefs and chief of detectives, \$575; police captain, \$625; fire captain and police lieutenants, \$530; police sergeants, \$530; fire department drivers, \$520.

City inspector, \$625; assistant inspector, \$565; comptroller, \$700; assistant comptroller, \$437; city hall custodians (2), \$465 and \$460; mayor's secretary, \$409; city court secretary, \$325; magistrate secretary, \$325; and switchboard operator, \$386.

At the outset of Monday night's council session on the new city budget, a proposal was approved to add \$23,450 to the total to give \$18 monthly pay increases to most city employees, with salaries of office workers and custodians to be negotiated at a later date.

Last Minute Talks

A negotiating session with representatives of the fire, police, street and sanitation workers unions was under way as the city council meeting was scheduled.

Long Illness Fatal To Mrs. Hattie Mae Fields

Mrs. Hattie Mae Fields, 73, of 2816 Marshall avenue, a 39-year resident of Granite City, died about 4 p.m. yesterday at St. Elizabeth Hospital following a long illness. She had been in the hospital three months.

Mrs. Fields was born Hattie Mae Butler in Brookfield, Mo., and was a Missouri resident until moving to Granite City. She was the widow of William Fields, a brother, James H. Butler, Granite City; 16 grandchildren and 16 great-grandchildren.

Funeral arrangements are given in the obituary column elsewhere in this issue.

Survivors include two daughters, Mrs. Otto (Georgia) Coble, Mountain Grove, Mo., and Mrs. Roy (Nellie) Largent of Granite City; three sons, James and Arnold of Granite City, and Arnold of Elburn, Ill.; a sister, Mrs. Mattie Parks, Granite City; a brother, James H. Butler, Granite City; 16 grandchildren and 16 great-grandchildren.

Funeral arrangements are given in the obituary column elsewhere in this issue.

used to open, and the start of the budget session was delayed 10 minutes to wait for council members of the Personnel committee.

Negotiations were continued during five-minute "smoke breaks" during the meeting, and prior to the presentation of a proposal to boost the increases to \$25 a month, Alderman Nomm, who made the motion, went to the rear of the meeting room to confer with union leaders.

Nomm proposed \$25 monthly pay boosts plus all fringe benefits for all city employees, with the fringe to be negotiated. Several members of the Personnel committee told Nomm prior to the 8-10 vote that the unions had stipulated they would settle for a flat \$25 monthly pay boost and the fringe. They originally sought \$30 monthly pay increases each year for a two-year working agreement.

Members of the street and sanitation departments, who are members of the Laborers and Teamsters Unions, had authorized strikes in the event demands were not met. There are no strike clauses in the police and fire department agreements.

WORKING WITH INDUSTRY FOR THE IMPROVEMENT OF U. S. ECONOMIC CONDITIONS

GRANITE CITY, ILL., JULY 27, 1961

Vol. 1 No. 1

LOWEST PRICES EVER

Millions Of New Jobs To Be Created By The Buying Public

In his inaugural speech President Kennedy stated "It's not what your country can do for you—it's what you can do for your country." Fredman Bros. Furniture Co. takes this to include dealers and manufacturers as well as individuals. Economic slumps are caused by the fact that the millions of people who really need goods and services are unable to purchase them and are doing without. Wake up America—use your dormant dollars now to buy goods and services you need to help put your fellow countrymen back to work! It's patriotic to buy now to help yourself as well as the man without a job. Wake up manufacturers and dealers. Don't wait for someone else to pull you out of a rut. Cooperate with the consumer by offering him irresistible inducements for him to buy. Downtown Merchants—disregard profits; give John Q. Public values that he can't afford not to buy. Offer values as your insurance of staying in business. In order to succeed this must mean total cooperation between suppliers, dealers, and the buying public.

FREDMAN BROS. EXECUTIVE EXPLAINS SALE

Mr. Harry Fredman, Vice-President of Fredman Bros. Furniture Co. with 15 stores in Illinois, had this to say when asked about his firm's "Back to Work" Campaign. "We at Fredman Bros. feel that if the fifteen store Fredman Chain is forced to replace a large share of its multi-million dollar merchandise inventory, we alone can create jobs for hundreds of people. Fredman buyers guarantee to place orders for immediate shipment as soon as needs are determined and warehouse space is available. The more goods we buy, the more jobs we create, and that is what Fredman Bros. is trying to do. We have put on extra sales help to take care of customers. In my forty-seven years of retailing in Illinois, I have never heard of a sale like this."

Mr. Harry Fredman, Vice-President of Fredman Bros. Furniture Co., states this sale is unique in his forty-seven years of retailing experience in Illinois.

PROJECT PROSPERITY

The merchandise mart is spending in excess of \$100,000 to promote Project Prosperity—a concentrated program to inspire confidence and enthusiasm with the multi-million dollar home furnishings industry.

Leading furniture stores throughout the country are joining in a maximum effort to revitalize consumer confidence and create a healthy upsurge in the overall economy. This is the ideal opportunity for the working public to replace worn-out furniture, carpets and appliances at great savings to themselves and at the same time create more jobs in a vital American industry. Fredman Bros. Furniture Co. is pledged to do its share to help keep the Quad-Cities area prosperous. The primary ingredients necessary to realize this aim are positive thinking, well planned full inventories, quality merchandise, good values, liberal credit, and the satisfaction of the customer's wants. We are sure that if the working public of the Quad-Cities area takes a positive attitude they will lead the way toward a strong and healthy economy—the kind of economy so much needed in our nation today.

TODAY'S THOUGHT

Remember . . . keeping the money circulating is what creates prosperity. This is what increases our standard of living.

\$200,000 IN EXTRA CREDIT

David Fredman, President of Fredman Bros. Furniture Co.'s 15-store chain, has arranged with upstate lending institutions, who prefer to remain anonymous, for \$200,000 in credit. If this sale is the huge success that is predicted, this means that all persons who are temporarily out of work but have previous A-1 credit ratings can purchase merchandise with no money down at Fredman Bros. Furniture Co. All working folks can make purchases with a small down payment and very nominal weekly or monthly terms.

BACK TO WORK

Nothing held back! We're making an all out effort to sell out our warehouse overstock and dispose of all one-of-a-kinds and discontinued numbers so that we can immediately release the carloads of furniture placed on order by our buyers at the end of June. Original costs have been forgotten in this positive effort to keep things moving. Easy credit terms always available at Fredman Bros. Furniture Co. Open Friday and Monday nites 'til 8:30 p.m.

SUPPLIERS TO COOPERATE

Representatives of America's largest factories in the home furnishings industry doing a combined annual sales volume in excess of one billion dollars have agreed to cooperate with the Fredman Bros. chain's "Back to Work" Campaign. They have supplied merchandise at rock bottom prices and are eagerly awaiting reports of the event. They are standing by with the wheels ready to turn out promptly.

The Unemployed Need Your Cooperation

Millions of people who furnished their homes, old and new, after World War II are now in need of replacement items. Appliances, furniture, rugs, and numerous home accessories are now worn out, but people who can well afford to replace them are not because of the "scare talk" which has given the whole country the shakes. Even cars are being pushed beyond their normal operating lives because of fear of bad business. If those folks who could actually afford it would just purchase the goods they need and want they could create millions of jobs. Jobs replacing merchandise in dealers inventories, jobs for those now unemployed due to the slump. If you need any merchandise or service—and can afford it, but are doing without you may be contributing to the economic downturn. Buy now, help yourself as well as your country.

SOCIETY

Miss Rogal Is Engaged To Wed James M. Mosby

The engagement of Miss Lorraine Rogal, 659 West Canterbury rd., University City, to James M. Mosby, a son of Mr. and Mrs. Walter L. Mosby sr., 2613 Madison avenue, is being announced by the bride-elect's parents, Mr. and Mrs. M. A. Rogal of New Hyde Park, Long Island, N. Y.

Miss Rogal is a graduate of Hunter College, New York. Mr. Mosby, who served as a first lieutenant in the U. S. Marine Corps in Japan, for two years, obtained a bachelor degree in metallurgical engineering from Washington University. He is employed as development staff engineer in the overseas division of the Monsanto Chemical Co.

The wedding of the couple will take place Nov. 25 at St. Patrick's, Faith Hope and Charity Annex to St. Patrick's Cathedral, in New York.

Mrs. Chas. Ludwig Is Honored

A cradle shower honoring Mrs. Charles W. Ludwig, the former Gloria Worthen, was given at the YMCA Monday evening by Miss Phyllis Polley and Miss Nancy Worthen, assisted by their mother.

Games were played and awards went to Mrs. James Sappington, Mrs. Edward Coleman, Mrs. A. L. Little, Mrs. Gene Stottler, Mrs. Peter Petroff, Mrs. Robert Wagner and Miss Donna Wynn. Refreshments were served to approximately 40 guests.

FORMER RESIDENT HERE

Ensign and Mrs. Leslie Stokely, who have been in Brunswick, Ga., were guests the past week of Ensign Stokely's brothers, Douglas and Charles Stokely, a sister, Miss Rita Stokely, and cousins, Mr. and Mrs. Walter Padgett. They left this morning for Des Moines, Ia., to spend some time with Mrs. Stokely's mother, Mrs. S. P. McFadden, before going on to their next assignment in San Diego, Calif. After 15 weeks there, they will be sent to Alameda, Calif.

ENTERTAINS SON

Mr. and Mrs. B. J. Bochen and daughter, Cynthia, of Wichita, Kans., have returned to their home after several days' visit with Mr. Bochen's mother, Mrs. E. E. Smithson, and her son-in-law, 2592 East 27th street.

GAS HEAT HEADQUARTERS, TRITHE HEATING, GL. 2-1110

MISS LORRAINE ROGAL, who will be married to James M. Mosby, a son of Mr. and Mrs. Walter L. Mosby sr., 2613 Madison avenue, Nov. 25 at St. Patrick's Cathedral in New York. A daughter of Mr. and Mrs. M. A. Rogal of New Hyde Park, Long Island, N. Y., the bride-to-be resides at 659 Canterbury road, University City.

ENTERTAIN SON AND FAMILY

Mr. and Mrs. Joseph J. Braden, with their daughter, Kathy, and son, Richard, of Birmingham, Mich., left Wednesday for a tour of the southern states after visiting Mr. Braden's parents, Mr. and Mrs. J. J. Braden, 2500 Delmar avenue, the past week.

VISITING PARENTS

Mr. and Mrs. Sam Kessler and twins, Nancy and Danny, of Milledale, N. Y., are here for a visit with Mrs. Kessler's parents, Mr. and Mrs. O. Barron, 2143 Delmar avenue. Enroute here the Kesslers stopped in Ottawa, Ill., for visits with other relatives and stopped in Nashville, Ill., where they were guests for a week of her brother, Richard Barron sr., joined their family at the son's home and were accompanied on their return here by the son-in-law and daughter and twins who will remain until next Tuesday.

MRS. MARTHA EDWARDS WAGNER, whose parents, Mr. and Mrs. Winfred Edwards, 3800 Nameoki road, are sponsoring her engagement to Brian Bronsman of St. Louis.

Wagner-Bronsman Betrothal

Mr. and Mrs. Winfred Edwards, 3800 Nameoki road, are announcing the engagement and forthcoming marriage of their daughter, Mrs. Martha Edwards Wagner, to Brian Bronsman, a son of Mrs. Arthur L. Bronsman of East St. Louis, and the late Mr. Bronsman. The wedding is planned for Sept. 2.

The bride-to-be, a graduate of the Venice high school, is employed as a secretary at the Dow Metal Products Co., in Madison. Her fiancé is a graduate of the E. St. Louis high school, owns and operates a dance studio in East St. Louis.

Eagles Auxiliary Hears Reports

Reports of a recent party for patients at the Madison County Sanatorium in Edwardsville were given Tuesday evening by Mrs. Angie Duerler and Mrs. Vera Duerler, both members of the Eagles Auxiliary.

The month of August is designated as "month of the sick" and all new applicants are accepted for membership in her.

Mrs. Mary Brominski and Mrs. Kathryn Clark were appointed Christmas card co-chairmen and the Auxiliary voted to purchase a Christmas tree. Plans are also underway for a rummage sale in the fall.

An officers' meeting is scheduled for Aug. 1 with the general meeting to take place Aug. 8.

Mrs. Juanita Helms, president, was in charge, and after the business hour there were games with prizes going to Mrs. Dottie Schuppert and Mrs. Frances Steinman.

Refreshments were served by Mrs. Theresa Dauter and Mrs. Ellen Rickett and Mrs. Hornbaker.

Flower Arranging Topic Of Club Meeting Tuesday

A program on "flower arrangement" was presented at a monthly meeting of the Welch Vagabond Club Tuesday evening in the club room at Bowland.

Mrs. Leo Roman displayed various arrangements made by herself and discussed procedure for organizing a garden club. Colored slides of prize winning arrangements and arrangements made by Dr. Roman.

During the business session plans were made for the group to attend the performance of "Flower Drum Song" by the Municipal Opera Aug. 29, and Mrs. Emma Moro was named chairman of arrangements for the trip.

Announcement also was made of a style show to be given by the Sand Prairie Four-H Club at the Aug. 22 meeting when Mrs. Florence Marlock, the speaker, will discuss "Interior Decorating." Other plans include a patio party and barbeque at the home of Mrs. Joan Wisniewski, 3201 Willow avenue, in September.

The remainder of the evening was devoted to games and prizes were awarded to Mesdames Lorraine Christenson, Katherine Huddins, Nina Bigley, Charlotte Vanya, Mary Piers, Martha Rataczak, Bernice Mulvany, Emma Moro, Hazel Brink and Eleanor Ethier.

Mrs. Sylvia Brylak, president, was in charge at the meeting. Refreshments were served by Welcome Wagon hostess, Zetta Stayduhar to 18 members and nine of whom remained for a bowling party.

During a business session, a subscription for a magazine was sent to a veterans' hospital. A visit to a dairy was planned, and a picnic is to be held Aug. 8 at Wilson Park.

Hostesses were Mrs. Minnie King, Mrs. Edith Rhodes, Mrs. Alice Luckert, Mrs. Mae Wetzel. Refreshments were served to 16 members and two guests, Robert Humphreys, Mrs. Ella Williams, Warren, O., who is visiting her sister, Mrs. Katie Alexander.

Mr. and Mrs. Donald Meyling and children, Dawn and Stephen, of the Canal Zone, have been guests the past two weeks of the former's parents, Mr. and Mrs. Edwin Meyling, 2183 Edison avenue. They left this morning to spend some time with Mr. Meyling's parents in Tulsa, Okla., before returning to Panama.

Job's Daughters Initiates Nine Members Tuesday

Job's Daughters Bethel 43 met Tuesday evening at the Masonic Temple and initiated the following new members: Marie Greve, Diane French, Harriet Sovola, Toni Fazio, Cynthia Teaney, Susan Mueller, Cheryl Stille, Lann Michaels and Barbara Haley.

Mrs. Lida Theis, junior past grand, presided, and conducted an installation ceremony for the Bethel council members in connection with the meeting. They were Mrs. Nell Baskette, guardian; Mrs. Rose Healey, secretary; Mrs. Edith Champion, treasurer; Mrs. Martha Blachoff, director of crafts; Mrs. Loris Stein, director of music; Mrs. Eva Shepard, Mrs. Alice Christian, Mrs. Earlene Johnson, Mrs. June Cuchna, Mrs. Hildred Lewis, Mrs. Alice Hoshare and Ed Baskette.

Arrangements were confirmed to attend the Municipal Opera next Tuesday evening and the girls planned to leave the Temple by bus at 6 p.m. to arrive in time to take part in a back stage tour before the performance.

After the meeting, refreshments were served by the Mothers' Club and Brenda Sorenson, Linda Chin, Debbie Presley and Linda Fields, students at a local high school, entertained the group.

Among the late July wedding ceremonies performed by Justice of the Peace Harry Hartman were those of Billy Holbrook and Mrs. Frances Crenshaw, both of Alton; Donald G. Elders of Granite City and Josephine Davis of St. Louis; and Wayne Baunweyer of Granite City and Rose Mary Lefosse of Madison.

Farm Column

By TRUMAN W. MAY
Madison County Farm Adviser

A number of farmers have been inquiring about the Monon variety of wheat since it was the highest yielding variety for the second consecutive year in the 'test plot' grown by Jim Winkler of Saline township. Although Monon has been grown here for only two years, several farmers will have seed for sale, some of it certified by the Illinois Crop Improvement Association.

Monon is a soft red winter wheat released in 1959 by the Purdue Agricultural Experiment Station in Indiana. It resulted from a cross of the Knox variety with a disease and heat resistant line. The objective of the breeding, involving a complex series of crosses, was to combine yield, quality, winter-hardiness and resistance to leaf rust, powdery mildew and heavy fly into one early maturing variety.

The new variety is 2 to 3 inches shorter than Knox and matures about a day earlier. It has somewhat better standing ability than Knox and Vermilion. Monon appears to be about equal to Vermilion in winter-hardiness and considerably superior to Knox against Septoria leaf spot (beard) and has a white chaff, being similar to Knox in appearance. It has some resistance to soil borne mosaic disease, which was so prevalent last spring and is resistant to leaf rust. It is susceptible to stem rust but escapes severe damage because it is so early. Monon is also susceptible to septoria leaf spot and loose smut, like most soft wheats.

Farmers interested in trying some of this promising variety should be arranging for their seed supplies.

The most commonly grown hard wheats are Pawnee and Ponca, both developed in Kansas. Both produce good yields, are quite early in maturity and are resistant toessian fly and most diseases. Pawnee has a tendency for the grain to bleach if rain occurs before harvesting after it matures.

Promising new hard wheats for this area are Ottawa, Omaha and Warrior.

In a wheat test plot of 13 varieties grown by the agricultural department of the Triad high school, under the supervision of instructor Delmer Latus, the Triumph variety, a hard wheat, had the highest yield at the rate of 53 bushels per acre. Second was Omaha, another hard wheat, with 52 bushels. Monon ranked third with 52.2 bushels.

Other yields in the test were

Knox 50.8, Vermilion 48.9, Redcoat 48.2, Lucas 46.3, Pawnee 46.2, Warrior 44.3, Ponca 43.8, Ottawa 41.3, Laporte 41.1 and Lual 34.5.

Some differences in the nature of the soil in the plots caused some unavoidable variations in the results and it is difficult to draw conclusions on the relative merits of the varieties in this test. The Triumph variety is a very early hard wheat developed in Oklahoma, usually not as good as the other kinds, hard and soft. Further south it seems to do better.

In addition to yield results these variety test plots give an opportunity to compare the different wheats in their appearance, maturity dates, resistance to diseases and insects, standing ability and other characteristics.

The 23rd annual people of the Mid-South State Fair, held at the Fairgrounds in Evansville, Ind., resulted from a cross of the Knox variety with a disease and heat resistant line. The objective of the breeding, involving a complex series of crosses, was to combine yield, quality, winter-hardiness and resistance to leaf rust, powdery mildew and heavy fly into one early maturing variety.

The Food and Drug Administration has approved the antibiotic tylosin for use in hog ration. University of Illinois swine research men have already tested it to see how much it increases hog gains. They found that pigs receiving tylosin gained seven percent faster than control pigs receiving the same ration, but no tylosin. They also found that the antibiotic slightly improved feed efficiency.

The Weather Bureau's outlook to mid-August calls for heavy precipitation for the entire state. Below normal temperatures are expected; continue much below seasonal normals. Corn, soybeans, peas and other crops can use a lot of moisture at this time of year. Showers have interfered with haymaking.

August is farm management time. District of Extension Service and local Farm Bureau Men are holding a series of meetings. The first meeting will be held Aug. 23 in Washington county, Aug. 28 in Kane county, Aug. 29 in Adams county and Aug. 31 in Menard county.

Southern Illinois farmers will be touring two successful Washington county farms on Aug. 23. Several Madison county farmers will attend. The Melvin and Melroy Remington farm near Rockport features 465 acres with 300 feeder calves, 400 laying hens and 400 broilers. An auctioneer and feedlot arrangements are important parts of this business. The Alfred Van derhorst farm at Ottawaville is a 250-acre dairy-hog operation. A 34-head herd producing 12,000 sheets.

Granite City PRESS-RECORD

Page 14 Thurs., July 27, 1961

Production of "Soda" — the 1961 Yearbook of Agriculture — is announced by the U. S. District of Agriculture.

In the yearbook's seven sections and 75 chapters—with 18 pages of photographs and many drawings—128 experts explain in layman's language the importance of life processes, production, processing, certification, testing and marketing of seeds.

The yearbook gives much practical information for farmers, processors, seedsmen, students, and others on the seeds of hybrid corn, sorghum, rice, wheat, grasses, sugarbeets, other field crops, vegetables, flowers and trees.

The yearbook of Agriculture is a Congressional document prepared in USDA and published under direct Congressional authorization. It is distributed mainly by members of Congress. It is also sold by the Superintendent of Documents, Government Printing Office, Washington 25, D. C., at \$2 per copy. The Department of Agriculture has no copies for general distribution.

Some folks have asked about the date of the University of Illinois Cattle Feeder's Day. So far it has always been held in the fall. But it will not be this year. Instead, it is scheduled for next spring, to allow time to complete several important studies of vitamin A deficiency in cattle. Mark the date of April 13, 1962, for this event.

The secret of old-fashioned rice pudding: use a large proportion of milk and bake several hours, stirring occasionally during the first hour. Some cooks like to add raisins toward the end of the cooking time because they say raisins sometimes curdle the mixture.

Smoky Burgess of the Pirates started in organized ball as a catcher-outfielder with Lockport, N.Y., in the Pony League. He began the 1961 season with a 207 career average for 1,088 National League games.

A number of the bonus players signed this spring will appear on major league rosters next winter, unless the unrestricted draft of first-year players is changed.

rules of conduct would be observed. These include not serving alcoholic beverages in the playground area, covering up pin ball machines, observing local bowling regulations and refraining from smoking while bowling.

In other action the commissioners voted to purchase a plastic cover for the Wilson Park softball diamond. Costing \$112 plus freight, the 60 x 80-foot cover would be placed on the infield in event of rain.

Placing of asphalt around the Lincoln Place Community Center, 322 Niedringhaus Avenue, was approved. Noland Asphalt Paving Co. will do the work at a cost estimated at about \$275.

The Engineering Committee was asked to study a price of \$225 for installing a drop pipe in the low ice skating area to carry storm water into the drainage lines along Fehling road. A 12-inch pipe was suggested, and the commission was given authority to "investigate and complete the job."

A motion was passed for Supervisor O. H. Williams and Recreation Director Harold Brier to buy gasoline at commercial stations and send the bills to the park district, rather than use pumps on park property as in the past.

Both use their personal autos largely for park business, it was pointed out. Each will select a station at a handy location and use it for four months, then transfer the business to a different station.

Bills approved for payment included \$464 to Schaefer's Trailer Co. for a concession trailer; \$1713 to Granite City Trust & Savings Bank for June withdrawal; \$1576 to State Employee Retirement System for social security; \$1001 to Graham's Book Store for recreation items; \$1050 for repayment of anticipated warrant plus interest; and \$1101 to Switzer's Wholesale Co. for concession signage.

Total expenditures from June 27 to July 26 were \$21,218 and total wages were \$12,915. The next business meeting will be at 7 p.m., Aug. 23 at the park board's Wilson Park office.

County's 5 JPs Meet, Discuss Time Schedule

Madison county's five justices of the peace met last night in Edwardsville to discuss criticism leveled at them as a group and individually since they were elected to office April 4.

The main task of the meeting was formation of a schedule which will give 24-hour service to law enforcement agencies in the county. This has been the chief "bone of contention" of state police here as it has been throughout the state, according to officials.

Harry E. Hartman, Quad-City area JP, reported that after discussing the unavailability of a JP at certain times the group couldn't find a perfect solution. They agreed among themselves that JPs George M. Berry of Alton and William J. Hubbard of South Roxana would work out some sort of arrangement between themselves to handle that area, while either Hartman, Collinsville's Ronald J. Daly, or Earl J. Vignaux of Edwardsville would try to be available for the rest of the county.

Hartman pointed out a hypothetical case involving a U. S. Highway 40 arrest of an out-of-state motorist eastbound late at night. "Suppose Daly wasn't available, then the state police would have to come to me. Even though it might have been a minor violation, it was still breaking the law and the inconvenience of it was a shame. Of course the motorist could always pay a scheduled fine on the highway, but this is highly undesirable," explained Hartman.

Madison county's five JPs replaced 70 township JPs. \$1101 to Switzer's Wholesale Co. for concession signage.

25 YEARS AGO

The following items were taken from the files of the Granite City Press-Record

(July 27, 1936)

As more complaints about the profusion of weeds, garbage, rubbish and so forth poured into the police department last week, this newspaper continued its solicitation of opinions on the subject from private citizens.

They were not difficult to obtain and contained several suggestions worthy of serious consideration. One prominent man engaged in social work stressed that a cleanup campaign would be successful only if "the right class of people were willing to cooperate."

To cultivate civic pride, he proposed contests for the most beautiful lawn, the most improved lawn, etc., but emphasized that such a program should be worked out during the late winter with all plans ready for the early spring.

Test problem — The cost of operating Madison's schools next

year will be approximately \$123,995. The total assessed value of the district is now only \$4,241,000 and the maximum rate permitted to be assessed is \$2.75 per hundred dollars. Question — How much will the deficit be at the end of the year?

That is the problem Madison's board of education labored with for several weary hours last Friday evening during a special session called for the purpose of passing its annual tax levy.

Return of the high temperatures after the brief respite this community enjoyed for a few days following the recent rains has taken its toll of two more lives, bringing the total to 13 for the season.

Rev. J. P. Jordan, who recently arrived in this city to take charge of St. Joseph's Catholic church, was honored by members of his parish at a party in

the church last Thursday evening and was presented with an electric refrigerator.

Beginning Friday morning at Wilson Park, free swimming instruction will be given to all classes of swimmers, including those who can swim 50 yards, those trying for Junior Life Saving awards and those working on Senior Life Saving tests.

There also will be a swimming class for adult beginners, taking in all persons over 18 years of age.

Mrs. Charles Nunn of 2211 Bryan avenue, was hostess to the Blue J Club Thursday afternoon. Games were played and prizes were won by Mrs. Willard Bono, Mrs. Mac Carpenter, William Wingerter, Mrs. Theodore Pritchett, Mrs. William Reese Jr., Mrs. Earl Carter, Mrs. Charles Nunn, Mrs. Margaret Heath, Mrs. Ray Pritchett, Mrs. Charles Grammer, Miss Dorothy Moore, Mrs. Charles Dauger and Miss Julia Pritchett. The consolation award went to Miss

Esther Buscher. Members present beside the prize winners were Mrs. Frank Henson, Mrs. Albert Nunn, Mrs. Bledsoe Presley, Mrs. Anna Pritchett, Mrs. Chris Hoffman, Mrs. Thienan, Mrs. Mary Tondro and Mrs. James Presley. Guests were Mrs. Oscar Goudy, Mrs. Gates, Mrs. Charles Grammer, Miss Emma Marmion, Miss Lorraine Lewis, Miss Dorothy Moore, Mrs. Beier, William Wingerter and Harold Groves.

Entries for the third annual All-American Soap Box Derby, which is sponsored by the Chevrolet Motor Co., closed yesterday with 21 registered from the Tri-Cities area. It was announced today by E. B. Thompson, local dealer.

Mr. and Mrs. A. F. Buett, 2119 Cleveland blvd., returned Saturday evening from a week's cruise on the Great Lakes aboard the S. S. North America.

Mrs. William Humphries entertained her club, the Marcella, Thursday afternoon and the following ladies were her guests: Mrs. August George of St.

Louis, Mrs. Joseph Masering, Mrs. Al Jones, Mrs. William Johnson, Mrs. Gottlieb Vogler, Mrs. Elijah King, Mrs. Peter King, Mrs. Nic Biefferig, Mrs. Frank Nelson and Mrs. M. D. Weddell.

Members of the 40 & 8 Vol. of Madison, St. Clair, Monroe and Macoupin counties staged a huge "wreck" last Saturday evening at the Venice high school building with about 150 in attendance from the district.

Applications for NYA employment next year are being received at the Community high school. It was announced today by Paul A. Grigsby, superintendent. Students 16 years of age or older are eligible, he said, and all must be deserving and in need of assistance to attend high school. They receive a maximum of \$6 per month.

Members of International Teamsters, Chauffeurs, Stables and Helpers Union No. 61 and their families enjoyed an all-day picnic yesterday at the Canal Club. There were 317

present. Free ice cream, soda, beer and lunch were served and entertainment consisted of cards and a softball game. Mayor M. E. Kirkpatrick addressed the picnicers on "Organized Labor."

Scholarships for one year at any of the state normal schools have been awarded to Dorothy Mae Morgan, Dorothy Niedrig, haus and Martha MacGillard, all high-ranking members of the June '36 class of Community high school.

Due to the small enrollment now at Camp Rankin, Boy Scout summer camp, Don Higgins, director, has arranged long hikes into the surrounding territory. All the scouts will hike to Big Springs, near Van Buren, Mo., where some will embark on the Current river canoe trip to Donovon, Mo., 60 miles away by water.

Miss Dolores Kettler entertained at a surprise party in her home Friday evening honoring her cousin, Mrs. Jeanette Bertino of Long Beach, Calif., who is visiting relatives and friends.

In this city invited were Miss Ella Hutchings, Miss Nell Jones, Miss Irene Bertino, Miss Helen Kettler, Mrs. Nola Deon, Mrs. Mary Ann Fox, Mrs. Clara Johnson, Mrs. Goldie Clements and Mrs. Grace Kettler.

Meeting with Mrs. Fred Hauskins last Thursday night were the following members of the Washburn Bridge club: Mrs. Jewel Edwards, Mrs. Fred Hauskins, Mrs. Harry Schooley, Mrs. Charity Williams, Mrs. T. C. Richardson and Mrs. Russell Strange. Guests were Mrs. George Thomas and Mrs. James Brudner.

One of the delightful affairs of the week was the swimming party given Saturday night at Wilson Park in Granite City by the Senior B.T.U. of the Baptist church. Enjoying the party were Mr. and Mrs. Chester McManaway, Lena Graham, Miss Edna Strain, Mr. and Mrs. Carl Ayres, Miss Iona Rogers, Ralph Strain, Rev. and Mrs. Harold Hersh, Emerson Williams, Mr. and Mrs. Glenn McManahan, Mr. and Mrs. D. M. Bond and daughter, Hilda, Miss Leora Allen, L. E.

Parked Car Damaged
Vandals broke the outside rear view mirror and the radio antenna off a parked car at 23rd street and Madison avenue today about 12:30 a. m. Owner Robert C. Barham, 2304 Center street, reported to police that he found the broken mirror and antenna on the ground beside the car.

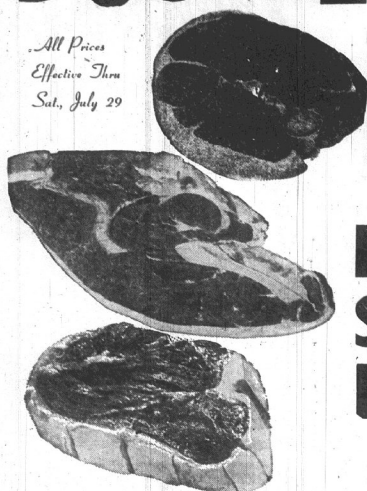

Maxon, Paul Blythe, Billie Graham, Charles McManahan, James Steele, Theron Brooks and Miss Maxine Werner.

clation, also has participated on the county planning group and heads the Granite City Master Sewer & Drainage Committee. He was president of the YMCA board for 25 years and is active in civic programs, community fund campaigns and service organizations.

Lueders heads a local real estate firm, the Lueders Agency. He also holds the office of township school treasurer and currently is engaged in development of subdivisions and a new shopping center.

Holland operates the Holland Asphalt Paving Co. here and also is noted for numerous civic achievements, such as aid to the park district as well as church and welfare work.

Reiske, local labor leader, last week was reelected to his third consecutive term as president of the Tri-City Trades and Labor Council and was named labor representative and director for the Community Services Agency of the Quad-City United Fund. He also serves on the board of a large number of civic and welfare organizations.

William Brockus is proprietor of Brockus Machine Co. here and is a member of the board of the Granite City Trust & Savings Bank as well as being active in veteran organizations.

Local Architects
Henry Gehring is a member of the local architect firm of Gehring & Dulgeroff, designers of the war memorial fountain and the new Granite City fire station.

Jack Green is acting business agent for Laborers Local 397. He recently completed a three-year probationary period imposed by the U. S. District Court for violation of the Hobbs Anti-Racketeering Act.

Stearns heads the Maryland Real Estate Co. and is president of Community Council Co. He has held elective posts in Nameoki township and participates in civic endeavors.

Morgan is executive director of the Granite City Housing Authority and is a member of area sports groups.

Sternberg heads a general contracting firm bearing his name and last month was named an international vice-president of the Optimist Club organization. He also is a participant of civic and service club programs and a director of the Trust & Savings Bank.

Fleishman is vice-president of Fleishman's Men's store and is a member of the city's Off-Street Parking Commission and is a past treasurer and director of the Associated Retailers & Civic Association.

Agency Presidents

The three members named for one-year terms all head local agencies — Spangler, an insurance agent, is president of the Granite City school district board of education; Loman, a vice-president at the Granite City Trust & Savings Bank, is president of the board of commissioners for the Granite City Park District; and Carl A. Ranft, president of the J. C. Ranft Bottling Co., is chairman of the Tri-City Regional Port Authority board. All three men also are active in civic and community affairs.

Under the STU program, the new, larger City Planning Commission is to work closely with the city council's Planning committee, headed by Alderman Donald Partney. Both Mayor Davis and Alderman Partney will serve as ex-officio members.

The commission is to be the coordinator of all activities affecting the development of the city; and all plans for major public improvements—sewer systems, streets, subdivisions, public buildings and plans of other jurisdictions—are to be reviewed by the members.

Members of the commission also will hear applicants seeking amendments to the zoning code. The STU experts said 12 members would be sufficient for the commission, but that the number could be increased not over 15.

Included in the new city budget, adopted Monday night, was \$3000 for employing a part-time clerk, setting up files and records and paying expenses of the office.

Mayor Davis said the first meeting of the new commissioners is scheduled for 8 p.m. next Tuesday at the city hall.

E. A. Cochran Agency Leads Company in Sales

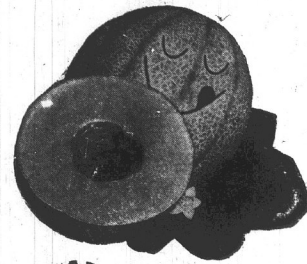

Ernest A. Cochran, local general agent of the Consolidated American Life Insurance Company of Illinois, has been designated as the "pace setter" of the company. It is announced in the current edition of Calleo News, a company publication distributed to employees and clients.

It was noted that the agency's fast growth has resulted in it leading all 28 Consolidated American general agency territories, both in the number of policies placed and in the total amount of insurance written, well over \$1,000,000 since Jan. 1. Cochran became a general agent for the firm in November 1959 after experience as a life insurance agent and broker.

BIRTHDAY CELEBRATION

Mr. and Mrs. Robert Burns entertained with a party honoring their son, Larry Joe, on his third birthday at the home of his maternal grandparents, Mr. and Mrs. Joe Jones, 2028 Milan avenue, Tuesday.

There was a large clown birthday cake with animal candles. Each child wore animal hats and received bags of balloons.

Lunch was served, including hot dogs, potato chips, soft drinks, cup-cakes and homemade ice cream.

Guests were the great-grandmothers, Mrs. Flossie Jones and Mrs. Curtis Walker and Mrs. Neida Goodrich and daughter, Mrs. Thelma Knapp and son, Willie, Mrs. Charlene Burns and children, Debbie, Denise and Mark, Mrs. Leola Tucker and granddaughter, Darla Stages, Jimmy and Timmy Schroeder, Jeanette and Steve Puckett, Mary Kaye Burns, Timmy Thompson, Donna Jones and Mrs. Helen Jones.

SEVENTH BIRTHDAY

Mr. and Mrs. Frank Bagan, 1212 Granite avenue, entertained with a party Monday afternoon, celebrating the seventh birthday of their son, Frankie Jr.

Games were played and prizes were awarded to Russell Gaddy, Joey Swigert, Nancy Calvin, Vincent Gaddy, Frankie Baczewski and David Gaddy. Other guests present were Mark and Bobby Swigert, Mark Sedworth, Phyllis and Joyce Foster and Michelle Baran.

Refreshments of hot dogs, ice cream, cake and soda were served. He received many gifts.

MRS. OSTRECH HOSTESS

Mrs. Lottie Ostrech, 2034 Thirteenth street, entertained the Jolly Matrons club Tuesday afternoon.

Games were played, with first prize going to Mrs. Ostrech, second to Mrs. Mildred Werner and third to Mrs. Helen Thelie.

Refreshments were served to them and Mesdames Joan Milovich, Anna Mae Murphy, Margaret Gramms, Margaret Presnell, Barbara Woods and two guests, Mrs. Lucille Klug and Miss Janice Ostrech.

Mrs. Presnell will be the next hostess, in the home of Mrs. Gramms, 2022 Iowa street.

A family reunion was held Sunday in Nesh, Ill., at the home of Mr. and Mrs. Ed Crossman. Attending were Mrs. Ida Smith, Mr. and Mrs. Kyle Crossman and family, Mr. and Mrs. Kaye Johnson and family, Mr. and Mrs. Henry Ralph and family, Mr. and Mrs. Elzo Hansell and children, Mr. and Mrs. Cary Rogers and family, Mr. and Mrs. John Gresham and family, Mr. and Mrs. John Smith and son, Mr. and Mrs. James Pleasant, Mr. and Mrs. Glen Sturgeon and family, Mr. and Mrs. James Smith, son Bill, and Mr. and Mrs. Armond Rist and children.

* SOCIETY *

Rose Society Meets Here

Members of the Rose Society of Greater St. Louis were entertained last night in the garden at the home of Mrs. Mary Kristin and her father, Jacob Turk, 2803 Indiana avenue.

Borders and beds of roses were illuminated with floodlights and tall tapers. The program consisted of a contest with the name tags of 30 varieties of roses covered and prizes were awarded for the identification of the various roses. There were also talks by two accredited judges, Mrs. William Oliver and Frank McMath, both of St. Louis, on points necessary for specimen roses to win blue ribbons. Both displayed blooms to illustrate their remarks.

The Society will hold a show Sept. 30 at Shaw's Garden in St. Louis.

At the close of last night's meeting, refreshments were served to approximately 75 members, including local members and others from St. Louis, St. Charles, Alton and nearby cities. Mrs. John Wogess of St. Charles is president of the Society.

VACATIONISTS RETURN

Mrs. Marie Whittle and daughter, Joyce, 2028 Edison road, returned Tuesday evening from a vacation trip which took them to several cities in the northern part of Illinois and Wisconsin. They were guests of cousins, Rev. and Mrs. R. J. Walkenhorst, in Potter, Wis., visited the Wisconsin Dells and spent some time with relatives in Chicago, Lombard and Elmhurst, Ill. They were away 12 days.

RETURN TO WEST

Mr. and Mrs. Armond Rist and family left Monday for their home in King City, Calif., after visiting Mrs. Rist's parents, Mr. and Mrs. Cary Smith of Rhodes street, and other relatives here for the past two weeks.

ADMITTED TO HOSPITAL

Venice Love of Meridian street is undergoing observation at St. Elizabeth Hospital since Sunday night, after being in a car accident at the stop light at Highway 66 and 67.

FLORIDA VACATION

Mr. and Mrs. Randolph Uherick and son, David, of McCandl avenue are vacationing in Florida.

Miss Phyllis Hayes and Miss Barbara Shelton are spending this week at the Assembly of God Camp in Eldon, Mo.

Arvel Froelich is spending a few days in Campbell Hill, Ill.

LOCAL STUDENTS PLEDGE SORORITIES

Three local students at the University of Illinois have pledged social sororities, according to an announcement by Joan Cochran, assistant dean of women for Panhellenic affairs.

They are Janet McCabe Moore, 2420 Edison avenue; Zeta Tau Alpha; Marsha Zimring, 2835 Edison avenue; Beta Phi Epsilon; and Patricia Barylko, 3001 Pershing avenue, Phi Beta Phi.

Formal pledging will be early in the fall. Rushing was initiated in June. The women will be completing their first semester of academic work and fulfillment of individual sorority requirements next winter.

ASSISTING WITH GLADIOLUS SHOW

Mrs. C. E. Eads, 2621 State street, a local garden club member, is assisting with arrangements for the 16th annual gladiolus show of the southwestern chapter of the Illinois Gladiolus Society to be held Sunday in the Madison county court-house in Edwardsville. The theme this year will be "Living With Gladioli."

Mrs. Fred Rohrbach is serving as chairman of arrangements of the 1961 display. Eight classes of competition will be conducted and a trophy will be awarded for the grand champion arrangement with other prizes to be given on a point basis.

WOMEN OF MOOSE PLAN PICNIC

A meeting of Women of the Moose 247 was held last night at the Moose Hall with Mrs. Mary Murgie, senior regent, presiding.

One new member was balloted on and accepted and plans were made for a picnic to be held in Highland Aug. 5. Also under discussion were several fund-raising projects for the coming year.

Prizes were won by Mrs. Julie Barnes and Mrs. Nettie Coons and announcement was made of the next meeting to be held August 8. Thirty-nine were present at last night's meeting.

Vandals Break Window

Kay West, Fla., motorist, Roy J. McClellan, reported to police that while his 1955 car was parked in front of 2203 State last night vandals broke the right front window.

4 Persons Hurt In Areawide Traffic Accidents

Four persons were injured in four of eight traffic accidents reported in and near the Quad-Cities since Monday afternoon. No one was injured seriously, authorities reported.

A Belleville youth was injured about 9:15 a. m. Tuesday when he reportedly walked in front of a car on the south approach of the McCambridge avenue viaduct on U. S. Highway 57A, immediately south of Madison, according to state troopers.

The youth, William Low, 16, was taken to a Belleville hospital for treatment and his condition was described as satisfactory. He was given emergency treatment at St. Elizabeth Hospital here for back and head injuries. Troopers said Henry Willard, 65, of 700 Pontoon road, was driver of the auto.

Woman Injured

Mrs. Margaret Eide, 38, of 2442 Madison avenue, was treated for a small puncture to the scalp at St. Elizabeth Hospital and released Tuesday about 4 p.m. following an accident at Niedringhaus and Madison avenues. The accident occurred when the car she was riding in, driven by her husband, Norman, 39, was struck from the rear by another vehicle driven by Steven Majer, 26, of 1606 Second street, Madison.

Police reported that both cars were headed south on Madison when the Fifield vehicle stopped in a traffic lane behind another auto that had stopped. Major was charged with following too closely and was released on his driver's license as bond.

Boy, 2, Hurt Slightly

Scott Sako, 2, of 121 Briarcliff, suffered a black eye yesterday about 1:27 p.m. when the car in which he was riding was involved in an accident.

Mrs. Nancy Sako, 21, told police she was taking her son, Scott, to a doctor for a routine checkup when the accident occurred.

Harry Painter Dies Here Suddenly Today

Harry Painter, 4031 Alton street, Alton, a former Granite City resident, was dead on arrival at St. Elizabeth Hospital at 9:30 a.m. today after being stricken with an apparent heart attack while working on a house at 2219 Edison avenue.

Painter owned the property, and neighbors said the house had been damaged by vandals. He came to Granite City this morning to repair the damage, and collapsed shortly after starting work.

An inquest will be held in Alton later this week. The remains were removed to an Alton funeral home, where arrangements are pending.

Enlists In Army

Leon Keller Jr., 23, son of Mr. and Mrs. Leon Keller Sr., 3918 Central lane, left this week for Fort Leonard Wood, Mo., after enlisting in the Army. He formerly worked at the Granite City post office.

He was at the 27th street and Madison avenue traffic light. The second car was driven by Patrick Cucunelli, 17, of Edwardsville. Both autos were headed south on Madison.

Auto Passenger Injured

An auto passenger suffered cuts to the top of his head and two fingers on his right hand in a two-car crash Monday afternoon at the intersection of Niedringhaus avenue and Adams street.

Treated at St. Elizabeth Hospital was Joseph Clymer, 33, of 1742 Popular street, a passenger in a car driven by Kenneth Burcham, 30, of 2853 Cleveland, which Granite City police said was westbound on Niedringhaus.

Driver of the other auto, Jack Thornton Jr., 37, of 2129 Benton street, said his vision was blocked by a truck parked at the intersection. He was southbound on Adams, police said.

Burcham paid a \$5 fine after appearing before Police Magistrate Gasparovic on a charge of operating a motor vehicle without a driver's license.

Appeals Indicated In NLRB Rulings

Both the A. O. Smith Corp. and Boilemackers Local 575 are expected to appeal rulings handed down Monday by the National Labor Relations Board in connection with a case which started in 1953 when 22 union members filed charges with the NLRB with complaints against the company and union.

Officials of the corporation are scheduled to meet at 2 o'clock this afternoon in Milwaukee to discuss the order; and Harold Grunberg, attorney for Local 575, said he is expecting to hear from the local's executive board within the next few days to go into conference.

The union lawyer said he has been trying to contact the union officers since Monday, but because the plant is closed for a model changeover, he has been unable to reach anyone.

He pointed out the most significant clause in the NLRB order is the one ordering the company to cease recognizing the Boilemackers Union as bargaining agent. "I'm sure the union will want to oppose that," Grunberg said.

He estimated the ruling for the union to pay half the amount of a demoted foreman's salary would cost the union about \$40.

It has been estimated the NLRB decision for the reinstatement of 22 discharged employees with back pay would cost the company over \$300,000 for the three-year period.

The NLRB order received here Monday confirmed the earlier findings of a St. Louis trial examiner who conducted a 53-day hearing in 1959 on the complaints of the 22 union members. The 22 men charged the union had caused the company to discharge them, and the order was based on findings by NLRB that the company and local union had violated federal laws by discriminating against the group.

Madison CD To Meet On Intensified Program

In line with national plans for a step-up in military and civil defense preparedness, Madison CD staff members will meet at 7:30 p.m. Wednesday, Aug. 2, at their control room to discuss an intensified program.

Specific plans are expected to include expansion of the number of air raid wardens, auxiliary police, first-aid staff members and auxiliary firemen. With at least two private CD shelters already built, possibility of encouraging an increase in home shelters also will be discussed.

Director Harry R. Johnson will report to the national CD headquarters in Battle Creek, Mich., next month for one of two weeks of additional training. He has been advised by Euell Mann, first-aid instructor, that enough applications have been received to start another first-aid course.

Venice Curfew Arrests

Curfew violation was charged against four teenagers, aged 17 and 18, by Venice police at 11:15 p.m. Wednesday and three were still in custody this morning. The other was released on bond until a hearing Saturday. Location of the arrest was not listed. Three reside in East St. Louis and one in Venice.

Half-Cent Tax On Services Voted By Madison Council

The new three-cent state sales tax on service occupations, to go into effect next Tuesday, was increased by one-half cent by Madison aldermen Tuesday night.

The local tax, however, will not take effect until Sept. 1, when the total will be three and a half cents for services previously exempt.

The action followed a move by the Venice city council which will also impose a similar tax on Sept. 1.

The regular sales tax includes a half-cent for the city, advancing from three to three and a half cents in the state on July 1.

Third Ward Alderman Raymond Kozielek, presiding for vacationing Mayor Stephen Marans, said he could offer no estimate on the additional funds to be realized, but added that the city will welcome the additional revenue, in the face of spiraling costs.

Kozielek explained that the new tax includes the "cost price" of tangible personal property which those giving service purchase as a retailer at an incident to their sales.

Purchases affected include fillings used by dentists, eyeglasses by optometrists, hair tonics and lotions by barbers and beauticians and collar supports and coat hangers by laundries and dry cleaners.

GC Depot Queen To Be Crowned Saturday

When a soldier plays his trumpet for the sixth time Saturday evening at the Granite City Engineer Depot, the picnic crowd will hold its collective breath in silent anticipation.

For that moment will be followed by the highlight of the all-day affair, announcement and crowning of the new depot queen who will serve one year. Each of the six candidates will be introduced with trumpet fanfare beginning at 6 p.m.

Basis of selection will be the number of picnic tickets sold by the entries, who are: Mrs. Joan Clemens, 2821 Edwards street; Mrs. Brenda Craig, 2047 Washington avenue; Sharon Sharpe, 1420 Second street; Mrs. Barbara Lynn, South Roxana; Mrs. Kathryn Smith, Wood River; and Clara Fravala, New Douglas.

Throughout the afternoon a crowd estimated at 2,000—all employees of the depot and their families—are to participate in games such as sack racing, chicken catching, pean contests, rope jumping and pig chasing.

Winners will receive prizes of transistor radios, silver dollars, camp ice boxes and flashlights. A \$500 cash bond and six \$100 bonds will also be awarded.

Games and rides will be open from noon until 5:30 p.m. and will include a ferris wheel, caterpillar and merry-go-round. Concession stands will serve sandwiches and soft drinks. Live polices will be available for riding by youngsters.

Col. Jack C. Jeffrey, the post commander, will escort the retiring queen, Mrs. Harold Kosten of Lawrenceville, Pa., at the coronation ceremonies. Mrs. Kosten will place her crown on the head of the new queen.

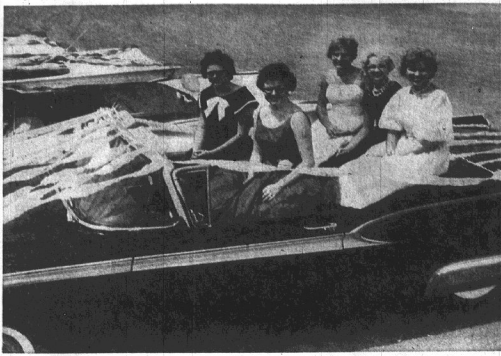

"Picnic Chairman C. Wayne Banks and Publicity Chairman Mrs. Vera Deutschman said the queen will receive a \$50 savings bond plus a loving cup. Runners-up will take home \$25 savings bonds.

The fourth delay in a ruling concerning the disputed presidency of the East Side Levee & Sanitary District board of trustees apparently will be a short one.

East St. Louis City Court Judge John M. Karns sr. said shortly before noon today that the hearing at which he was to hand down a ruling in the matter, scheduled for 10 a.m. today, was rescheduled for 4 o'clock this afternoon.

Judge Karns said his court room was in use for another hearing this morning, and that attorneys for the two trustees who claim the board presidency as the result of separate elections, Dan E. Costello and Lawrence Tolson, had mutually agreed to hear the judge's ruling at 4 p.m. instead.

Judge Karns had previously postponed a ruling in the matter on three separate occasions since July 10.

SITTING PRETTY prior to a convertible parade around town to publicize the Granite City Engineer Depot's annual picnic this Saturday are these five candidates for depot queen. The winner will be the girl who sells the most tickets to the picnic. From left are Sharon Sharpe, Kathryn Smith, Joan Clemens, Clara Fravala and Barbara Lynn. Another candidate, Brenda Craig, is not pictured.

Mrs. Betinec Agent For Calico Insurance

Mrs. Gabrielle A. Betinec, Granite City's first and only woman member of the city council, has joined the Consolidated American Life Insurance Co. of Illinois as its only woman agent. It was announced this week. She will be associated with the Ernest A. Dehnen Calico General Agency, Granite City, incorporating Madison, St. Clair, Monroe and Randolph counties.

Mrs. Betinec received her credentials from Foye P. Hutchinson, president, in a special ceremony after completing training at the home office in Chicago. Elected this year to a second Seventh Ward council term, she has been active in legislation and discussions relating to drainage, pollution abatement, council agenda, committee operation, joint city-county precinct, systematic street construction, parking meter maids and anti-Communism.

An active businesswoman as well as a mother and homemaker, she lives at 2614 Madison avenue. Vice-president of the local Business and Professional Women and prominent in the state B.P.W., she is secretary of the Dine Providence Guild, active in the St. Elizabeth Hospital Auxiliary and a member of the board of directors of local health and welfare drives. Born and raised in the Quad-Cities, she is the daughter of Mrs. Anna Chabek, 1640 Fourth street, Madison, and the mother of Fr. James, Oconowoc, Wis.; Slater, Mary Celeste, Normandy, Mo.; and Daniel Francis, Edgerton, Wis.

Private Showing Planned For Park District Movie

A private showing of a movie depicting the many activities sponsored by the Granite City park board will be held at 9 p.m. next Tuesday at the board's Wilson Park office.

Restricted to members, purpose of the showing will be to edit about 500 feet of color film so that it will be of 30-minute length. A title must also be selected and credits approved.

Harry Fechte Photographic Service has been preparing the movie which the park board hopes to have ready for previewing by next Wednesday. Some scenes in the park still must be photographed.

"I am sure we will have a great demand for the movie this fall," Recreation Director Harold Brown explained. "People from other towns have already contacted me as they would like to see our park district in action."

(Continued from Page 1)

opportunity to attend college, he commented. He said junior colleges also may be advisable for this area.

Answering questions on a variety of issues for more than two hours while the group was seated around a large oval-shaped conference table, Dr. Morris said the session was arranged after staff members and newspapers had expressed interest in such a meeting.

He noted that the last 12 years have seen increases of 187% in salaries, 392% in student enrollment, 489% in libraries, 422% in books, 100%

in research funds, 192% in general conferences, 270% in adult education and 300% in outside contributions for research. Despite a decrease nationally, the proportion of staff members holding doctorate degrees has risen from 40% to 60% since 1949, he said.

The appropriation-student ratio has remained almost constant during the same period, Dr. Morris said, estimating that it might cost \$194 million to create a local center for 18,000 students. This figure was compared with current depreciated building values in references to "21 Bradley universities," he added.

With over \$6 million of the initial \$25 million Southwestern Campus bond issue funds tentatively earmarked for construction of a heating and power plant, he said no final decision has been made and that the university also is studying the feasibility of purchasing heat and

power from utilities instead of providing its own.

Noting that more funds would be available initially for classrooms if utility plant costs were reduced, he said this could increase yearly operating costs. The decision on which method to follow will be based on "what is to the economic interest of the state" over a period of years, he commented.

He declined to estimate completion dates on local campus facilities but said he would guess funds from bond sales will be made available by Sept. 15 or Oct. 31. With a water reservoir area one of the initial requirements, some additional site acquisition will be necessary immediately, he said, adding that legislative recommendations on campus size and other topics are being given thorough consideration by the SIU board.

While avoiding a frontal attack on the majority report of the higher education subcommittee,

which was issued after hearings of the school's goals, but hopes that newspapers and legislators will avoid less informed criticism. Saying that all universities have some policies that could be misinterpreted and dramatized, he said the practice is dangerous to higher education if it spreads to other universities; there already is some evidence of a trend toward attacks on other schools, he noted.

Dr. Morris declined comment on a critical letter sent to the SIU board chairman until after the chairman replies, and said a change made in the acting head of the fine arts division is the only one that will be made among the Southwestern Campus' division heads. He reviewed staff procedures followed in designating deans and division heads.

Asked whether there is low morale on the faculty and ill feeling toward himself, Dr. Morris said, "From among 150

faculty members, there were only three resignations at the end of this school year and two of these went to better positions not available here.

"This is the lowest turnover I have ever seen; I doubt if you could find it anywhere. This is especially remarkable in view of the very high and increasing competition between universities, research foundations, industries and government for those with technical know-how."

He cited SIU's vocational technical institute as an example of services needed in the southern part of the state, where there are no others, but unnecessary in Chicago, where there are hundreds. He declined to say whether SIU will add law, medical or other schools as it has added engineering.

Progress in developing the bluff area east of the Quad-Cities is "not as far along as we would like it to be, but it is farther advanced than it might have been, been as we've

Granite City PRESS-RECORD
Thurs., July 27, 1961 Page 23

We are attempting to plan well, rather than hastily," he said. While comparing universities' growth to the rapid increase in U. S. population, the SIU head said the difference in tuition for Illinois and non-Illinois residents may have to be increased to maintain recommended balances in enrollment. He said 65% of current SIU students are from the southern third of the state which includes Madison and St. Clair counties, compared to 75% four years ago.

Competitive salaries will be maintained despite the legislature's \$1,362,000 SIU budget clash, which he said was affected in its magnitude by adverse comments and allegations originating in the northern part of the state, where he said the lack of educational facilities has not been as acute.

School Addition Among 19 New GC Building Permits

Construction of six additional classrooms and a utility room at St. Elizabeth's School, 2201 Pontoon road, is under way with M. H. Wolfe Home Builders, Inc. contracting the work estimated at \$91,000.

The addition will not be ready by September when classes resume, according to the contractor, but is expected to be completed later this year.

The permit, largest of the 19 issued recently at city hall by Building Inspector Earl Bloomquist and City Clerk A. J. Stevens, calls for a one-story addition with masonry exterior walls, flat tarred roof and concrete footing and foundation. Overall dimensions are 151x76-foot.

The new building permits, mostly for general repairs and alterations, totaled \$106,851 and increases the July figure to \$360,641 with one week remaining. Fifty-two permits have been granted this month.

General Repair Permits

Authorization for general repairs totaling \$12,026 went to Roubell, \$200 for siding and repairs at 2137 and 2139 Cleveland blvd.; Mrs. Mabel Hill, \$1600 for siding and a porch at 2147 Delmar avenue; Floyd Gibson, \$1200 for insulated siding at 2026 Russell street; Richard Hudson, \$1200 for remodeling and alterations at 2816 Myrtle avenue.

Henry E. Cross, \$1000 for repairs to a garage and porch at 2615 Denver street; James Reynolds, \$1000 for remodeling and alterations at 2212 Missouri avenue; Harold Spangler, \$500 for repairs to a garage at 2617 Denver street.

Keith Parker, \$500 to enclose a porch at 1050 Garfield avenue; Joe Decker Jr., \$500 for a new roof at 1720 and 1722 State street; Robert Felner, \$500 for a back porch at 2523 East 26th street; Darrell Rutledge, \$500 to erect a hip roof on a carport at 2936 Grand avenue.

Geneva Wallis, \$450 for general repairs at 2524 Iowa street; Mrs. Fred Werner, \$300 for general repairs at 2932 Washington avenue; Willie Doorn, \$176 for a back porch at 2434 Benton street; and Garrett D. Scott, \$100 to apply siding at \$245 Grand avenue.

Trailer To Be Installed

Receiving a \$2500 permit to install a trailer was Mary Ann Cox, who will locate it at 2818 Lincoln avenue.

A commercial permit for an advertising sign was issued to the Bob's Auto Trim. Valued at \$825.66, the permit allows the sign to be placed at 1737 Madison ave. made public in Edwardsville this week. The report shows there were five admissions during the month, 12 dismissals and two deaths.

These days a good many cooks like to use a constant temperature (400 or 425 degrees) for fruit pies.

Consolidated Inspection Department For City Proposed For Effective Administration

(This is the 13th in a series of articles dealing with a reorganization study of city government in Granite City by Southern Illinois University.)

In recommending a centralized Department of Inspections for Granite City, the staff of SIU governmental experts suggest the health and license inspection duties presently handled by the city inspector and assistant city inspector be consolidated in one official.

Through the consolidation of related inspection activities in the field of building, health and license, the proposed Department of Inspections would be headed by a chief inspector appointed by and responsible to the mayor. The chief inspector would be in charge of the health and license division, would be designated as health officer, according to the SIU recommendations.

Three Divisions

"The proposed department would be divided into three divisions, each under the direction of the chief inspector. The divisions are: Building Inspection Division, Health Inspection Division, and License Inspection Division.

"The electrical and plumbing inspectors will remain part-time for the present, but they would be under the direction of the chief inspector and should be paid a salary rather than on a fee basis.

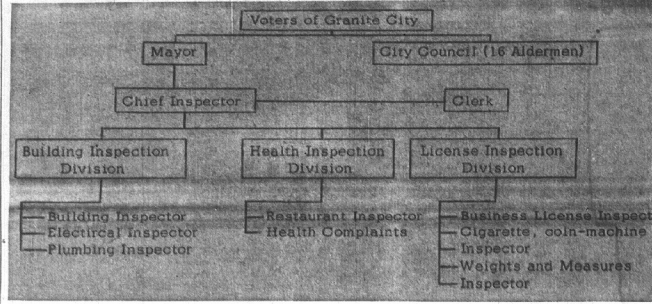

"The city council Monday terminated the \$10,420 set-up in the new 1961-62 budget for salaries for the building, electrical and plumbing inspectors, with the city officers to remain on a fee basis at least for this year.

Effective Administration

"Presently employed persons can fit into the new titles without significant change in their duties. The reorganization will, however, simplify and make more effective the mayor's job of directing the administration and will provide the mayor and council with more information on the operation of the government.

"The council will know where

Organization Chart — Proposed Department of Inspections

the responsibility for the several activities. The proposed organization will remove the opportunity for passing the buck. The SIU organization chart shows the chief inspector would be responsible for the activities of not only the present building inspector, but also the present city inspector and the assistant city inspector, whose duties would be divided instead of overlapping.

"Now both men work on both the health and license inspections and the sanitation activities. One man should be assigned to direction of the sanitation department function in the Public Works department and the other should be made responsible for the health and license inspections. The city officers to remain on a fee basis at least for this year.

More Orders Records Needed

"A more orderly set of records and forms should be developed for the use of the license inspectors. The city officers to remain on a fee basis at least for this year.

"Also, a more rigid procedure for the collection of inspection fees should be set up so that the city loses neither the revenue nor the required number of times each year.

"Both the city inspector and his assistant are appointed by the mayor and are responsible to him in connection with the

operation of the sanitation department and for health and license inspections.

"Granite City has licensing ordinances covering most forms of activity in the community. These regulations are contained principally in the Municipal Code, but also set standards for the operation of businesses, enterprises or services. They set a fee and specify that the place of business shall be regularly inspected.

"There also are regulations in other ordinances which are enforced by the inspectors either as a specific duty or in cooperation with other city officials.

255 Gas Pumps, 174 Scales

"Examples of the licensing activities of the inspectors include the requirement to inspect twice a year the 255 gasoline pumps for accuracy. The fee charged is \$1 for each inspection although the city makes no charge for checks of pumps between the regular inspections.

"The inspectors also check 174 scales in markets and grocery stores twice a year. The rate is 30 cents per scale for each of two required inspections. Also inspected are 60 taverns, several used car lots and all the other activities required by the ordinances to have city licenses.

"Twice each year the inspectors visit each place of business. They fill out a simple inspection report in triplicate. The form shows the name and owner

of the business. A line provides room for name of a new owner. If the business has been transferred and the date of ownership. The inspector enters under 'conditions found' the number of licenseable items. He could also enter any conditions found which violate the provisions of the ordinances of Granite City.

"The original copy of the form is given to the assistant comptroller for billing. One copy is given to the owner of the business and the third is retained by the inspector.

"The comptroller's office bills the business for the licenses shown on the inspector's report. The bill is sent on a blank form with the license information typed on. Payments are returned to the City clerk's office where the licenses are prepared and mailed.

"The collections are turned over to the treasurer who in turn files his report with the comptroller, attaching copies of the license receipts. The comptroller can check his file of invoices to determine whether the proper license fees have been paid.

\$36,078 Annual Receipts

"In the 1959-60 fiscal year, the city collected \$36,078 on miscellaneous licenses and permits. This does not include the \$12,322 collected in building permits. It does, however, include \$19,025 in liquor licenses. Other large license fees were peddlers and disjunct, however, on official documents.

ments, the mayor signs himself as health officer.

"The ordinances should be revised to remove these conflicts of provisions among the several appointive officers. There is no mention of the mayor as health officer in the municipal code. The health inspection division of the inspections department should be designated as the health department for Granite City. The inspector should be named health officer, and a board of doctors could be appointed for advisory purposes.

"The health regulations for Granite City, other than those already covered in the section on licensing, are contained in another chapter of the municipal code, with regulations which are enforced by other departments of the city—vital statistics, the city clerk is designated registrar; contagious diseases, the health officer in the person as the city inspector; garbage and refuse, also the city inspector; other regulations pertaining to health, most are enforced by the city inspector.

"Examples of the work of the city inspector in his health officer capacity, besides the licensing, are: inspecting and allowing water pipes to remain frozen several days at a trailer court and connected substandard rental properties where nearly a dozen small children were involved.

"The inspector also handles inspections for the building inspector when he is on vacation, investigates dog checks and miscellaneous matters.

"Public health services such as those related to a full program of preventive medicine are not being rendered in the city. The present program and organizational arrangement or what is here proposed provides for this. It is doubtful whether Granite City alone will, in the foreseeable future, be able to provide a full public health program. This will come probably because there is no health officer and no board of health. The city could, however, take care of all health inspection activities. On occasion inter-jurisdictional cooperation would be necessary, however, on official documents.

57 Patients At County TB 'San' During June

The number of patients at the Madison County Tuberculosis Sanatorium during the month of June was 57, a drop of nine from the Bob's Auto Trim. Valued at \$825.66, the permit allows the sign to be placed at 1737 Madison ave. made public in Edwardsville this week. The report shows there were five admissions during the month, 12 dismissals and two deaths.

These days a good many cooks like to use a constant temperature (400 or 425 degrees) for fruit pies.

Letters Backing Development of Lake Park Urged

Letters by local residents and organizations to Gov. Kerner, Secretary of the Interior, and the U.S. Army Corps of Engineers, urging the development of Lake Park as a state park, were urged by Henry D. Karandjoff at Tuesday's Granite City Rotary meeting. He is chairman of the citizens' Horseshoe Lake park study committee.

The speaker noted that the \$3,500,000 appropriation bill passed both the Illinois House and Senate by overwhelming margins, while many other legislative documents were approved by only narrow votes. The governor has announced that he will not sign the bill.

In Illinois, bills can be signed or vetoed, or become law without signature ten days after official presentation to the governor. If Kerner lets the bill become law without his signature, he will "freeze" all or part of the appropriation, releasing funds as they become available.

Stressing the need for purchase of the park property before prices go higher, Karandjoff said a large mail response can still prove helpful in freeing some of the funds. He cited the possibility of completing the park project over a period of several years if available funds do not permit immediate expenditure of the full amount.

The speaker traced the history of the park commission and some recreation facilities are needed to meet the competition of other states attracting new residents and industries. He thanked those who have written on behalf of the proposal and said, "There is a need for continued efforts."

He was introduced by Eugene Coe, program chairman. The annual Rotary Horse Show Saturday evening, Aug. 26, at the Tri-City Speedway was discussed and auto bumper stickers advertising the show were distributed to members.

The fabric, batiste, is named for Jean Baptiste, a 13th century weaver of Cambridge, France.

SIU Archaeologists Unearth 'Mystery' Log

Progress toward a better future sometimes leads to a better understanding of the past. At least that is the feeling of Southern Illinois University archaeologists who are busy in the Mitchell area.

Working at a number of prehistoric Indian village sites which lie in the path of construction of Interstate Route 270, a team led by James Porter, supervisor of the SIU museum's highway salvage projects, recently came up with an unusual "find."

It is in the form of a 10-foot section of log, nearly three feet in diameter, unearthed in a pit located in the center of a pre-

historic Indian "plaza" or "town square."

Purpose A Mystery
Just what was the purpose of the log is still a mystery. But Dr. Marvin Fowler, curator of the North American archaeology at the SIU museum, theorizes that it was used for a ceremonial purpose because of its location in the site.

On the four sides of the plaza are mounds similar in shape to the nearby Cahokia mounds, but smaller in size. The log itself rests at an angle against one side of a pit, and from wood samples subjected to laboratory tests is from a baldypress tree. Decorated at the top but well preserved and shaped to a point at the bottom, the log section was located about 18 feet below the present ground level in a pit filled with loose dirt and commonly called a "bathtub pit" by archaeologists because of its shape.

How and why prehistoric Indians of the Mississippian Culture who inhabited the region around 1000 A.D. placed logs of this size upright in large pits is not known. The Mitchell site find is one of the first in which preserved remains have been found, although archaeologists have been able to determine their existence by the

composition of deposits in other pits. Dr. Fowler says the position of the cypress log in the pit indicates attempts by the prehistoric inhabitants to move the log from the pit. The supposition is that at one time it stood upright and extended above the ground.

House Sites In Area

Excavations in the area have uncovered primitive house sites around the mounds. Evidence of the use of wooden poles as supports for the houses is plentiful. Dr. Fowler points out that the American Bottoms area in Madison and St. Clair counties is dotted with similar mounds and village sites, indicating that one of the country's greatest concentrations of prehistoric people of the Mississippian Culture was located in the region before the culture disappeared about 1500 A.D.

The local archaeological studies and excavations are being undertaken in cooperation with the Illinois Division of Highways and the Federal Bureau of Public Roads.

Salvage Before Destruction
The purpose is to salvage materials from archaeological sites for preservation or research study of prehistoric cultures before the areas are destroyed forever in the highway building process.

A small cross-section from the middle of the cypress log is now on display in the SIU museum, and visible growth rings indicate the tree may have been nearly 300 years old when it was first cut with the primitive tools of the Indian villagers and then placed in the pit.

Baton Twirlers Win Often On 16-Day Tour

Quad-City area baton twirlers, ages 6-14, returned recently from a 16-day tour of contests in five states with a total of 78 trophies and 43 medals.

Of the nine girls participating, top winners were seven-year-old Debbie Presley and Linda Ohm, nine. The former won 15 trophies and 16 medals, including two first places at Iowa City and a 48-inch trophy for first place in advance twirling. She now has 68 trophies in her collection.

Linda Ohm won 34 trophies and seven medals on the trip, including first at the Illinois State contest at Springfield. She has won a total of 218 trophies in baton competition. Other winners were Marilyn Weckman, 11, who won seven trophies and three medals; seven-year-old Debbie Johnson, 11 trophies and seven medals; 11-year-old Brenda Starnson, seven trophies and five medals; Sheri Hackethal, nine, one trophy and four medals; six-year-old Debra Butler, two trophies; and Joyce Daniels, 14, one trophy. They were accompanied on the tour by Miss Marilyn Champion.

Three Drivers Arrested

Three Granite City motorists were arrested Monday afternoon on charges of speeding at 28th street and Madison avenue. Charged were James V. Burton, 27, of 1620 Bremen avenue, Her-

DEBBIE PRESLEY, six, daughter of Mr. and Mrs. Boyd Presley, Rural Route One, with the largest — 48 inches — of the 15 trophies she won on a 16-day tour of baton contests. Eight other girls made the tour.

United Fund Agency

Catholic Charities Has Goal To Strengthen The Home

Catholic Charities may be classified as a welfare agency to care for two types of persons—children and adults.

For many Quad-City families the United Fund supported agency is the all-purpose organization, handling every sort of family problem from child discipline to marital relations.

In most cases family problems belong to no single category. Husband-wife difficulties will be reflected in the belligerent, morose attitude of their children. Hence the Catholic Charities staff will often be counseling all members of a family at the same time.

The family case work is the largest of the three agency service areas. The others are child placement and relief aid or incidental services.

Family Counseling Case
Family counseling is long, often arduous. In a representative case still in progress, a Granite City family was saved from disruption by the agency. Husband and wife were at odds and at the same time their three adolescent children were showing signs of emotional disturbance.

The couple went to the Catholic Charities offices, 2012 Delmar avenue, in May 1960. They had gone to discuss the problems they were having with the children. They talked to Father Charles P. Mulcrone, assistant director of the agency, and Mrs. Lorraine Parkinson, chief caseworker.

The couple said the children—two boys, one 15, the other nine, and a 12-year-old girl—were becoming serious discipline problems at the home. The older boy was also missing school and had been picked up twice by police for petty larceny.

While the parents discussed the children, they frequently disagreed on the facts and contradicted each other.

Problems Uncovered
To Father Mulcrone and Mrs. Parkinson the problem appeared to go further than with the children. They saw that the husband and wife had lost respect for each other. They turned the discussion to the couple's marital problems.

After the couple had returned twice for counseling, the agency staff decided toward the family's condition. The husband had been laid off from a local plant for about half of the previous year. Automobile and kitchen appliances payments were long overdue and the couple feared being dispossessed.

The husband became an on-and-off alcoholic and his wife accompanied Youngsters

DISCUSSING NEEDY CASES are staff members of Catholic Charities. Left to right (seated) — George Mann and Mrs. Lorraine Parkinson, case workers, and Rev. Charles P. grew hostile toward him. The children feared losing face with their friends when they couldn't have the latest clothes and toys. By June 1960 the 15-year-old boy had developed a police record. At the suggestion of the Catholic Charities staff he was placed temporarily in a correctional institution. The other two children were placed in a Catholic children's home.

During the summer the couple went to the local office for marriage counseling, as often as four times a week. The father regained a full-time job and decreased drinking. Meantime he regained respect from his wife by caring for her for two weeks while she was ill.

Family Budget Prepared
During the counseling period the family was aided with relief help for food and clothes. While the mother was ill, the agency paid part of her medical and drug bills. The husband also asked for help in making out and sticking to a budget.

By January the couple had bit by bit reassembled their marriage and the agency recommended that the children return home. As they became better parents their children grew closer and more responsive to them. Counseling is still going on.

In all, about 150 persons in 65 different cases went to the agency seeking counseling last

year, with about 75-80% of the children feared losing face with their friends when they couldn't have the latest clothes and toys. By June 1960 the 15-year-old boy had developed a police record. At the suggestion of the Catholic Charities staff he was placed temporarily in a correctional institution. The other two children were placed in a Catholic children's home.

Aids With Adoptions
Because the agency is the only one in the area licensed by the state to assist in child adoptions, much time is given to the selection of homes before placing a child and then guidance for the adopted parents once the child has been placed.

Mrs. Mary Alice Beardslee supervises adoptions. She is a part-time worker and holder of a master's degree in social service. She has been at the local office 11 years.

Besides providing for adoptions Catholic Charities counsels any child referred to it, selects foster homes for children whose families, because of death or emergency, is unable to care for them. It also places children of the Good Shepherd in St. Louis and works with probation offi-

cials of Madison county in placing some youngsters in correctional institutions. Lastly, the agency gives short-term relief aid in emergencies and to transients. The aid is usually in the form of clothing, food and fuel orders. Last year about 30,000 items of clothing were distributed by the half-dozen volunteer ladies who handle the clothing room.

In many instances the delay in receiving food orders from Illinois Public Aid sends families to the agency for relief during the interim.

For the summer an extra caseworker, George Mann, a student at the Graduate School of Social Service, St. Louis University, has been added. Mrs. Corrine Kreher is the office secretary. Director of all Catholic Charities branches in the Springfield diocese is Msgr. William J. Cassin, Springfield. He is available for appointments.

During 1961 the agency expenses totaled \$41,074, of which the United Fund contributed \$29,074 or about three-fourths. The rest was received as state and county aid for child care. For 1962 the budget has been set at \$53,737 with the U.F. campaign allocation placed at \$30,737. The increase according to Mrs. Parkinson, is due to the doubling of aid to unwed mothers. In most cases this form of aid costs the agency about \$500 per girl.

ART CLASSES attract a large number of the more than 600 students attending summer school sessions at Granite City high school. Here students get their first experience with oil paints after completing earlier ceramics projects.

A PUBLIC SERVICE OF ILLINOIS STATE BAR ASSOCIATION
IN COOPERATION WITH THIS NEWSPAPER

This is the fifth in a series of articles provided as a public service by the Illinois State Bar Association for the Press-Record.

WHEN A WITNESS MAY REFUSE TO TESTIFY IN COURT.

In recent years, the privilege against self-incrimination has become one of the most familiar of the many civil rights embodied in our Constitution. Wide spread publicity of recent investigations by various legislative committees has made the privilege against self-incrimination a topic of frequent discussion and considerable controversy.

The historical origins of the privilege are rather obscure. Some legal historians trace its beginnings as far back as the 12th Century of the English common law. It has also been suggested that the privilege may have originated as a protection against the ancient practice of "trial by ordeal." Under this system an accused person who entered a plea of not guilty was subjected to extreme physical torture. If he survived, he was considered innocent. If he succumbed, he was declared guilty.

Torture Once Common
Long after the practice of trial by ordeal passed from the scene, physical torture was frequently and legally employed in the courts of England. Persons suspected of treason were arrested and tortured for the purpose of obtaining a confession of guilt.

This was usually done before any formal accusation had been made. During this period the principle clearly emerged that "no man should be required to accuse himself." At this stage of its development, the principle was directed against abusive police methods and was not as yet thought of as a right available in court. It was not until about the middle of the 17th century that the privilege, as we know it today, began to take solid form.

The privilege found its way into the law of the American colonies as a heritage of the English common law.

Whether the historical basis for the privilege no longer exists so that today the privilege serves only to protect guilty persons from the punishment they de-

serve or whether it is still a valuable bulwark against the abuse of a police state is the subject of much debate.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

Contempt of Court
The witness may refuse to answer only those questions the answer to which would tend to incriminate him.

Therefore he cannot claim the privilege as to a question which appears to be harmless on its face or which, if answered, would tend to disgrace him or harm his reputation. Questions can be avoided by use of the privilege only if the witness can establish that the answer would constitute a disclosure of part of a chain of events establishing a criminal act. If he cannot do so, but still refuses to answer, he will be held in contempt of court.

Criminal Case Different
In contrast, the defendant in a criminal case may refuse to take the stand at all.

The privilege against self-incrimination is generally invoked before judicial tribunals, but it is also available before grand juries and other similar bodies, and it appears that the privilege is available to a witness called to testify before a congressional committee.

Whether the historical basis for the privilege no longer exists so that today the privilege serves only to protect guilty persons from the punishment they de-

Joyce Vizer To Appear In SIU's 'Pajama Game'

Joyce Vizer, 834 Niedringhaus avenue, is a member of the cast for "Pajama Game," a musical comedy to be presented Aug. 4 by Southern Illinois University's Summer Opera workshop at Carbondale.

The sophomore business major is a candidate in this year's Miss Granite City contest. The two-act play by George Abbott and Richard Bassell deals comically with the struggle between the head of a small town pajama factory and his workers who seek a wage hike.

City Bills, Half-Month Salaries Total \$56,067

Bills and half-month salaries for city employees were approved Monday night by Granite City council members, with the salaries amounting to \$36,294 and the bills, \$19,773.

Again, the largest item on the list was for the sewer system. A. H. Seebold Co. was paid a total of \$12,398 of which \$4970 was for the Aubrey avenue break in the Nameoki sanitary sewer system and \$7428 was for repairs to one of the Terrace lane breaks for the period July 13-19.

Cost of maintenance and fuel for city vehicles amounted to \$1017, and other items on the bill list were \$248 paid to Leo Kamashiki for cutting 84 lots July 15-21 at a cost of \$295 a lot; \$1500 paid to Postmaster Theodore Overbeck for 50,000 post cards for sewer billing; \$1587 paid to Midwest Black Top Roads, Inc. for 1057 gallons of road oil, 704 gallons of asphalt and 76,120 pounds of asphalt; \$273 paid to Madell Air-Phil Co. for 34 tons of cold mix for streets; \$18 paid to the U. S. Treasurer as the city's share of cost for operating the sewer pumping station during June.

Expense allowances on the bill list were \$20 to Alderman Edmund Bartolacci, \$20 to Alderman Paul Rutledge, \$20 to Alderman Frank Yeck, \$20 to Alderman Mrs. Gabrielle Beltrone and \$20 to Civil Defense Officer Victor H. Koenig.

Minor Auto Fire In Mitchell Monday

Minor damage was reported Monday at about 7:45 p.m. when the carburetor of an auto owned by Wayne Helmer, 4824 Wabash avenue, caught fire.

The blaze was extinguished before Mitchell volunteer firemen arrived. Chief Lee Paul reported. The car was parked on Lennox avenue. Damage was slight.

Variety Show Today At Nameoki School

Rehearsals for a variety show this afternoon depicting highlights of the summer recreation program this year at Nameoki school, 1620 Pontoon road, have been keeping the 50 youngsters enrolled busy these hot days.

Time for practice has run out fast but the youngsters are determined to produce a show their parents will be proud of. And if a recent rehearsal is typical of the final product, they have nothing to worry about.

Ants Cause Catastrophe
For example, take the time the group had a picnic in Wilson Park and several thousand uninvited guests, all ants, caused a minor catastrophe. A dozen youngsters recreate the march of the ants, chanting appropriate lyrics to the delight of the other children.

Then there was the recent trip to the St. Louis Zoo, illustrated by four boys doing a pantomime to a photograph record featuring the chimpanzees with Alvin displaying his characteristic bad manners.

Other acts slated for the 2 p.m. show in the gymnasium feature balljugglers, bikers, can-can dancers, an old time movie, swimmers and gangsters, under the direction of recreation leaders Fred Lince and Stella Graham.

All Wear Costumes
All and Stella Graham, master of ceremonies will be Neil Bailey; and the piano player will be Janice Miller, all junior helpers at the Granite City park district-sponsored summer program at Nameoki school.

Sales, Use Tax Broadening To Go Into Effect Aug. 1

Many changes in Illinois sales and use taxes will take effect Tuesday, Aug. 1. The Illinois Department of Revenue is endeavoring to explain them to individuals, business firms, accountants and attorneys.

In addition to special bulletins issued by the department, a seminar on tax changes made in the 1961 legislative session was held yesterday in Springfield.

A major change is the new 3% state tax on sales of service. Cities are empowered to add 1% to this, with all collected by the state and the cities' portion then returned to them. Counties also may levy 1/2% on service occupations in unincorporated areas.

Location Of Serviceman

The Revenue Department points out that "because of the legal incidence of such local tax being on the purchasing serviceman instead of on the seller, as the retailer's occupation tax is, the local service tax will differ from the local retailer's occupation tax in that the location of the purchasing serviceman will determine which local government gets the service tax payable by him. In contrast, the location of the seller determines which local government gets the city or county sales tax.

Effective Aug. 1, the existing retailer's occupation tax on the repairing of tangible property for users will be extended to the remodeling and reconditioning of tangible personal property for users.

As an example, it now will make no difference whether the installing of a motor on the user's bicycle is a replacement of a motor or the conversion of the cycle from an ordinary bicycle into a motor bike. This will be taxable whether it is called repairing or remodeling or reconditioning.

Tax Cities, Counties

The Aug. 1 date also will mark the start of application of the sales tax to retail sales made to the state of Illinois and its political subdivisions. While an injunction in an Olin Matheson Co. case remains in effect, the state will not attempt to collect a tax on sales to the federal government or its contractors.

Sales to exclusively charitable, religious or educational organizations and institutions will continue to be exempt. Effective Aug. 1, retail sales of custom-made clothing, draperies, carpeting, monuments and memorial stones, eyeglasses produced on special order for users by opticians and other special order items which serve substantially the same function as standard items will be subject to sales taxes. They have been exempt. Illinois users buying such items outside the state from unregistered sellers will be liable to the Revenue Department for use taxes.

The exemption for special job printing will be continued except for types of special order printing which can be bought through non-service channels, such as stationery and envelopes that can be bought at or ordered through book stores.

Magazines, Books, Records Retail selling of magazines (except primarily news magazines), books, phonograph records and sheet music are subject to the sales tax, effective next Tuesday. Newspapers and news magazines will continue to be exempt.

Beginning Aug. 1, sales tax liability—when selling tangible personal property at retail to members, guests or others—will apply to non-profit country clubs, boat clubs and other non-profit social, athletic or recreational organizations, lodges, patriotic groups, fraternities, societies, professional and trade associations, civic clubs, labor unions and other not exclusively

charitable, religious or educational.

The same is true of exclusively charitable, religious or educational organizations and institutions when they engage in selling tangible personal property at retail to the public, even though any such selling operation may be short in duration. However, churches, charities and schools are not taxable on retail selling activities confined to members, students or patients primarily for the purpose of the seller (such as a school cafeteria open to students and school employees but not the public).

Also, churches, schools and charities will not be taxed when selling items of a non-competitive nature which cannot be bought from persons engaged in business.

Single, Monthly Returns

Organizations having only an occasional liability can file a "first and final" return when reporting the tax so as not to incur a continuing registration under which a return would have to be filed every month even if there were no liability. A return is due by the last day of the month following the month in which liability is incurred.

Other taxes effective Aug. 1 are as follows:

State or any of its political subdivisions (counties, cities, etc.) when selling at retail to the public, such as operation of public stands by park districts. The tax will not be applied to utility services furnished to the public.

Hotels, restaurants and other vendors of food and beverages when selling to members of organizations holding dinners at such hotels, etc.

Taxes that went into effect earlier were:

July 1—1/2% Increase in state portion of sales tax.

July 16—Sales of building materials to contractors for use in performing real estate construction contracts for others. Contractors and other users buying materials outside Illinois from unregistered sellers for use in this state will be liable to pay use tax directly to the department.

Mitchell Kiwanis Ended By Fire Alarm

Fire ended the Mitchell Kiwanis meeting Monday night.

Five of the ten members present are volunteer members of the Mitchell fire department and when the station whistle blew about 8 p.m., the meeting came to an abrupt end. They were called to a minor auto fire on Leona avenue.

Earlier President Thomas Smith and Roy Green reported on the department's activities during the month. They attended at the beginning of the month. They scheduled an interclub meeting with Collinsville Kiwanis for Wednesday night in Collinsville. The club met at Thomas' Cafe.

July 17—Business solicited in Illinois by out-of-state retailers by means of catalogs or any other form of advertising.

On and after Sept. 1, renting or leasing of tangible, personal property, such as autos, will be deemed to be selling, rather than leasing. Lessors will be liable to collect and remit taxes monthly on the rental payments. Persons who will begin to incur liability in any of the categories and are not already registered with the Revenue Department should register as soon as possible, it was explained.

2.56 Inches of Rain Hit Quad-Cities Monday Night

The storms of Monday night and early Tuesday morning caused a variety of damage as 2.56 inches of rain pelted the Quad-Cities area following a storm warning alert for sections of Madison county.

Power was momentarily off in scattered areas of Granite City and the sounding of burglar alarms and a fire were directly attributed to the local weather conditions. Scattered reports were received in Madison and Venice of tree limbs being blown down, and flooding occurred at points on Market, Mercedes, Bissell and Weaver streets in Venice.

Lightning struck two porcelain insulators at the power substation of General Steel Industries, Inc., 1423 State street, about 7:40 a.m. Tuesday. Power was off for about five minutes until the plant's dual-electrical system automatically shifted to a second transformer which carried the load until Illinois Power Co. crews repaired the damage in less than three hours.

Dan House, spokesman for General Steel, said that the plant suffered no shut down from the storm as far as normal production was concerned.

Lightning Hits Garage

A fire at the 10th street and Grand avenue Community Coach Co. garage was believed to have been started by lightning. Granite City firemen answered the call about 3:10 a.m. Tuesday and found a fire in the attic of the former trolley barn building. Frank Henton, shop maintenance superintendent, said that there was no damage other than the loss of "a few odds and ends" that the Terminal Railroad Co. left behind.

The fire was started when lightning struck and ignited some old street brooms that were stored in the attic. Henton said that the brooms were old rail sweepers, and emphasized that the fire was never out of control and that no damage was done. A spokesman for the fire department indicated possible water damage.

Street lights were reported out about 3:45 a.m. Tuesday in the Maryland Place and Maryland Heights area. E. S. Gaston, Illinois Power Co. electric distribution superintendent, said there was little damage in the Quad-Cities area. He said that lightning kicked out the Maryland area street light circuits and a few transformers, "but our

11 Named To GC Teaching Staff

Continuing to fill vacancies and new positions on the Granite City school district faculty for the 1961-62 year, the school board authorized employment of 11 teachers Tuesday night.

Three of these hires will teach at Granite City high school. They are Miss Juanita Charlene Grever, 1916 Park avenue, 1958 bachelor degree from Arizona State University and three years of teaching experience, girls' physical education at GCHHS; Mrs. Annette Ohlenford, Venice, 1961 bachelor degree from Franklin College, also girls' physical education; and Richard Thomas Rauch, St. Louis, master degree from St. Louis University and seven years' experience, Spanish and English classes.

Joining the Coolidge junior high school staff will be a mathematics instructor, Harvey Edgar Hecht, Mosby, Mo., 1961 bachelor degree from William Jewell College.

New Central junior high faculty members are Miss Dorothy Marie Ford, Collinsville, 1961 bachelor degree at Maryville College, mathematics, and Miss Darlene Joyce Kaseberg, 2425 Edwards street, 1958 bachelor degree at Southern Illinois University and three years' experience, Spanish and block classes (English and social studies).

Newly-employed grade school teachers are Miss Marjorie Daesch, East St. Louis, 1961 bachelor degree at Washington University, Frohhardt second grade; Mrs. Jean Ann Dunn, 2156 Orville avenue, bachelor degree at St. Francis, Emerson third grade; Miss Patricia Louise Ladd, Edwardsville, bachelor degree at California State College, California, and four years of experience, Logan first grade; Joseph Edward Owens Jr., St. Louis, 1961 bachelor degree at St. Louis Institute of Music, elementary vocal and instrumental music; and Mrs. Loreta Purdy, 3221 Rodger avenue, bachelor degree at SIU and two years of experience, Wilson third and fourth grades.

New State Licenses To Be Orange, White

New license plates for 1962 will feature an orange background with white letters and numerals. It was announced this week at Springfield by Secretary of State Charles F. Carpenter.

The colors do not represent any college or university in the state as has been the case in recent years. This year's red and white plates honor North Central College at Naperville.

About 170 new houses will be constructed along Stratford lane and in area in right background, as subdivision builders continue to develop land formerly used for agricultural purposes.

Traffic Tickets

Fines were paid on two traffic tickets in Madison Monday. William Tur, 1222 Market street, Venice, paid \$10 on no driver's license and parking on the wrong side of the street in the 900 block of Grand avenue, Madison avenue.

Six Quad-City Men To Be Drafted In August

An induction quota of six men from the Quad-Cities area has been set for August, the county board of Selective Service announced today. The men will be drafted Aug. 22 through Local Board 167. Nine others from this area are to report for pre-induction physical examinations on Aug. 9.

Exceeds Speed Limit

Arrested Tuesday about 7:45 p.m. at 24th street and Madison avenue on a charge of speeding was Thomas C. Cox, 22 of 2435 East 28th street. He posted his driver's license as bond.

Miss Giese And Donald Ballard Are Engaged

One of the late summer engagements just announced is that of Miss Jeanette Giese, a daughter of Mrs. Margaret Giese, 1904 Kirkpatrick Homes, and William Giese of St. Louis, to Donald Ballard, a son of Mrs. Rose Ballard, 2208 Missouri avenue. Wedding plans have not been made.

The bride-elect, a June 1961 graduate of the Granite City high school, plans to attend an IBM school in St. Louis. She is presently employed at the Washington Theatre.

Mr. Ballard, also a graduate of the local high school, is an employee of the Nestle Co.

Shower Honors Miss Carol Clutts

Miss Carol Clutts, who will become Mrs. Charles Alvarez in a wedding ceremony to take place Aug. 12, was guest of honor this week at a personal shower given by Mrs. Vee and Miss Frances Moser at the home of the former, 3009 Vesel avenue.

Appropriate decorations were used and the table on which the gift packages were placed held a bride doll centerpiece.

Those present were Mrs. Sally Herbst, Mrs. Joyce McKinney, Mrs. Karen Stanton, Mrs. Betty Colligan, Miss Brenda Norwood, Miss Marcia Gaillard, the honoree and the hostesses.

A fun-filled afternoon was enjoyed by the group and prizes were presented to each one of the guests. Refreshments were served by Mrs. Vee and Mrs. Moser.

GUESTS AT HURRY HOME

Mr. and Mrs. Emmet Hurry, 2641 East 24th street, have had as guests in their home this week Mr. and Mrs. Lora Knight and daughters, Lorna, Paula and Linette, and Paul Layton of Birmingham, Mo., and Skippy McLean of Ketchum, Okla., and Billy Lucas of Carmi Baptist Home, who is spending three weeks with the Hurrys. Mrs. Knight is a niece of Mrs. Hurry and Layton a nephew.

Linette and Paula Knight are remaining for two weeks.

Courthouse Employees Seek \$25 Pay Increase

Madison county employees at the Edwardsville courthouse are seeking a \$25 salary increase over their present rate of \$275 to \$300 per month. An across-the-board increase is sought by the representatives of Local 799 met with the Finance Committee Tuesday and were asked to present their requests in writing at a meeting to be arranged. Representing the union were President Robert McCormick of Granite City, and Miss Evelyn Howles, chief deputy in the circuit clerk's office.
